## What

do you say  
when a  
company  
begins  
to report  
profitable  
growth in a  
challenging  
slowdown?

when a  
company  
reports  
quarter-  
on-quarter  
growth  
during a  
sluggish  
market?

## What

do you say when the company has already started repaying debt before its business has been significantly scaled?

## What

do you say when a youthful enterprise is fully invested to address an impending economic rebound?

## What

do you say when a company is able to increase capacities attractively at optimal capital expenditure?

## Exciting

because the truly valuable companies thrive in sluggish markets.

## Exciting

because we believe that the most valuable companies have small Balance Sheets and large profits; we are headed in that direction.
