**DIVIDEND**

Since the Company has not made profits during the year, your Directors do not recommend any Dividend for the financial year ended 31st March, 1998.

**REVIEW OF WORKING & OPERATIONS**

The year under review was quite unfavourable for the company due to the unhealthy competition in the domestic market, financial constraints due to inadequate working capital and severe power cuts imposed by Electricity Board. The capacity utilization was around 10% as against the projected 70%. The turnover that could be achieved was only of Rs. 70.94lacs, sustaining a loss of Rs. 292.86 lacs. The company had achieved a major break through in the International market and had bagged an export order for US \$ 8 lacs, in a world wide tender for the supply of its products to Sri Lanka. The supplies against these orders could not be completed in time due to the severe power cut imposed by the Electricity Board and also due to inadequate working capital. Tie-up with other renowned merchant exporters are also underway.

Due to stringent financial constrains, the expansion and diversification have been further deferred.
