

Gujarat Pipavav Port Limited

ANNUAL REPORT 2019-20

CHAIRMAN'S STATEMENT

Dear Members,

On behalf of the Board of Directors, I am pleased to present the Annual Report of Gujarat Pipavav Port Limited for the year ended 31st March 2020. It comprises Standalone as well as the Consolidated financial statement for the year ended 31st March 2020.

During the year, your Company reported a Standalone Net Profit of Rs. 2,924.04 Million, higher by about 42% compared to the previous year. This increase in Net Profit is on account of the increase in tariff in the Container business effective April 2019, and on account of the Reversal of Deferred Tax Liability due to the lower tax rate as per the new tax regime applicable to your Company in future years. Additionally, these results have also been achieved due to extensive cost control measures adopted by the company, particularly during the last quarter of the financial year where total expenses reduced by about 24% compared to the same quarter last year.

Your Company holds 38.8% shares in Pipavav Railway Corporation Limited (PRCL), an Associate Company as per the provisions of the Companies Act, 2013. PRCL has provided its Management estimates for the year ended 31st March 2020 for the purpose of their consolidation as their annual accounts audit was delayed due to COVID19. As per the Consolidated financial statement enclosed, the Company's share of profit in PRCL for the year ended 31st March 2020 is Rs. 308.38 Million, a marginal decrease of about 0.7% compared to the previous year.

Your Company had declared an Interim Dividend of Rs. 2.10 per share in October 2019 and it has been paid. On the back of strong increase in Net Profit, the Board of Directors is pleased to recommend an all-time high Final Dividend to the shareholders of Rs. 3.50 per share for approval in the forthcoming Annual General Meeting (AGM) taking the total dividend amount to Rs. 5.60 per share. This payout is in accordance with the Company's policy to pay the entire distributable profit as Dividend. Your Company became statutorily eligible to pay Dividend with effect from Financial year ended 31st March 2016 after setting off the accumulated losses. With likely approval of Final Dividend of Rs. 3.50 per share by the shareholders in this AGM, I am extremely delighted to share with you that your Company would reach a milestone of total Gross Dividend Payout of over Rs. 10 Billion to its shareholders in five years. It is indeed a no less achievement for an Infrastructure Company.

The World Health Organisation declared COVID-19 a Global Pandemic. This infectious disease started in China during December 2019 adversely impacting millions of people across the globe and has severely disrupted the Global Economy. In order to prevent the spread of this highly infectious disease in the country and in absence of effective treatment, the Government of India declared an unprecedented nation-wide lockdown in March 2020. While the Indian economy has been adversely impacted, being a large consumption economy, it is likely to recover much sooner than the other countries. However, the speed and the timing of recovery would depend upon how soon the Indian manufacturing is able to commence its operations.

During the lockdown, the Government of India had declared Port Services as an Essential Service in order to continue the supply chain. During this period, the employees of your Company while observing all safety measures as per Government Guidelines, handled all the vessels calling at the Port and ensured totally uninterrupted Port Operations. The Rail evacuation from the Port to the Northern hinterland was highly efficient during this period and it gave a sort of preview of the efficiencies that can be expected in the inland logistics, once the Dedicated Freight Corridor commences its operations. On behalf of the Board of Directors I would like to place on record our appreciation for the support provided by the Customs, the Indian Railways, the Rail Operators, Gujarat Maritime Board, the local administration and all our shipping lines and end customers in helping us carry out our Port Operations. Each one of them played their part to the best of their ability in these challenging times and are continuing to do so.

One of the biggest infrastructure projects of India namely the Western Dedicated Freight Corridor (DFC) is getting ready and a large part of the project from Rewari to Vadodara is likely to get operational soon. The trial run of Double Stack Electric Train has been done upto Botad Junction which is about 165 kms from Pipavav Port. Your Company expects to get connected to the DFC by end of the calendar year 2020/ early 2021. This project has the ability to completely change the inland logistics landscape of North-West India. Once the rail operation gets commissioned on the DFC, it will bring reliability to movement of containers to and from Northern India, the Railways shall have ability to run scheduled freight trains and that would provide clarity to the trade and will enable better planning for movement of containers. It is also likely to reduce the transit time of the trains. All these measures should bring enormous cost and time efficiencies to inland logistics of India. PRCL is doing investment of over Rs. 3000 Million and the Company is investing additional Rs. 700 Million in upgrading the Rail infrastructure in accordance with the requirements of DFC. Your Company believes that it will have ability to service some new markets in Northern India that hitherto were not economically viable until the commissioning of DFC.

Post COVID-19, the countries/ companies would like to evaluate diversifying their manufacturing facilities apart from China to reduce their dependency on one country and to mitigate the risk of supply chain disruption. While Government of India has been taking several initiatives to attract foreign companies for setting their manufacturing facility in India, various State Governments have equally important role to perform for attracting these companies. In this context, Gujarat State has a head start as the State Government has been developing Dholera Industrial Region for setting up of manufacturing units. The infrastructure development in Dholera Industrial Region is in progress and improvement in Road connectivity shall make it a more attractive proposition for the companies to set up their manufacturing facility. Your Company believes that Dholera being closer to Pipavav, the Port has an important role to play in helping the interested companies by providing an efficient supply chain to set up their facility. Dholera Industrial Region will provide a much-needed boost to the industrial activity in this Region of Gujarat.

The IMF expects India to grow at 7.4% in the Year 2021. Your Company is ready with all eagerness to participate in the growth of the country by providing effective solutions to its Customers. It is committed in improving the supply chain of its Customers and make them more competitive in international markets.

Your Company is debt-free and with a strong Balance Sheet is ready to invest in growth opportunities that will bring more cargo to Pipavav Port thus creating more value for the Company and employment and business opportunities for the local community in the Region. The Company continues to explore various growth options.

On behalf of the Board of Directors of the Company, I take this opportunity to thank our Shareholders for their patience and faith in us.

My colleagues on the Board join me in expressing their sincere appreciation of all our Customers and Vendors for their continuous support. Our Associate Company Pipavav Railway Corporation Limited has played a key role in the Company's performance.

Our Employees have once again demonstrated their grit and determination by enduring all the challenges and ensuring unhindered, efficient operations at the Port. I thank them for their dedication and commitment.

I also thank the State and Central Government bodies and my colleagues on the Board for their support, guidance and valuable insight.

In these challenging times, India is making efforts for faster revival of its economy through Government initiatives in commissioning of important infrastructure projects like DFC. This soon to be commissioned massive project will be a game changer for the country's Inland Logistics and will make Indian Exports more competitive in the international markets while the Imports into the country will grow owing to the large consumption economy. India continues to march ahead with certainty.

With Best Wishes,

Tejpreet Singh Chopra

Chairman
