TOWARDS A BRIGHTER FUTURE

The FY 2011-12 was a momentous milestone year for Gujarat State Fertilizers and Chemicals Limited. The year under review marks culmination of GSFC's 50 golden years of inspiring saga of growth and remarkable performance.

Fifty successful years, is an exemplary accomplishment for an organization that was promoted originally to produce fertilizers and aid farmers to grow more food, more so considering that the average life span of any global company ranked by Fortune business magazine ranges from four to five decades. Incidentally, GSFC is at the top amongst five Gujarat based companies promoted by Government of Gujarat in Fortune India ranking of top 500 corporations in India.

VALUE CREATION

The success story of GSFC lies in its transformation from one-location one-product entity into a multi-location, multi-product corporate enterprise with growth trajectory always on a higher orbital path. Each of the fifty years under its belt is a story of consistently marching forward, negotiating bends smoothly and taking any challenge of change in its stride to serve efficiently and effectively and create value for all.

In doing so, GSFC has enriched lives of people, faith and trust of customers, shareholders and stakeholders, who have overwhelmingly extended their support in shaping GSFC into a viable national asset.

Two facets present the sum total of GSFC's achievements: Stability to Indian agriculture through quality fertilizers; Strengthening manufacturing industries with production and supply of critical intermediates.

The stability in agriculture has brought smiles to farmers elevating them from subsistence farming to sustainable living. On the non-agriculture front, GSFC's industrial raw materials keep the wheels of industry moving whose products touch the lives of millions every day in one or the other way.

PRODUCT PORTFOLIO

In Agriculture market "Sardar" is one of the most preferred brands amongst farmers, which is a tribute to its supreme quality and superior performance. Fertilizers apart, GSFC's chemicals has a hidden presence in numerous daily used products like tooth brushes, food products, paints, tyres, leather accessories, dyes, cosmetics, tissues, cottons and medicines etc. enabling us to share life with millions. Our presence is irreplaceable and encountering us is inevitable.

THE SUCCESS FACTORS

The success of GSFC revolves round four key concepts: Prudent Financial Management, Concern for Safety & Health, Sensitivity to Environmental aspects and Sound Risk Management.

GSFC's journey of success, so far can be attributed to its prudent financial management, is reflected in its strong balance sheet whose major highlight is that the company is debt free. Befitting the occasion GSFC has notched up revenue of Rs 5302 Crores, the highest ever profits before and after tax. To commemorate such a strong performance in spite of inclement weather in the global economic horizon, the company has announced a dividend of 75% to its shareholders.

INTEGRATED MANAGEMENT SYSTEM

GSFC has evolved its own unique integrated management system which has won accolades of being the most admired company. Five core values act as crucial pivots around which the system revolves seamlessly. The values are ethics, dedication, management excellence, environment and enhanced social responsibility.

No financial or physical target is beyond the ken of TEAM GSFC. As in the past, the drive along the growth path will be absolute. The new journey will see stronger growth making GSFC a leader in areas that it operates, without, in any way, diluting its core values that have been defined. The Team stands committed to leveraging on its accumulated expertise and experience for achieving higher growth and enhancing stakeholders' value.

SAFETY AND HEALTH

Most of the plants at GSFC Fertilizernagar are more than 25 years old and Risk Assessment of all the installations was carried out in phased manner.

Quantitative Risk Assessment study of all the plants at GSFC is done once again by M/s. PDIL and no non-compliance is observed. Recommendations received from them are being considered for implementation.

HUMAN RESOURCE MANAGEMENT

For business organizations capital and people are the major resources. While capital can be accessed to in many different ways, human resource, which is the most important asset, has to be nurtured and built over long time. GSFC strongly believes that nurturing human skills and managing talent are vital springboards with which company's basic resources could be leveraged upon to achieve the set corporate goals. The company also believes that human resource is its most important asset whose potential needs to be harnessed effectively so that it could deploy right number of people with right skills and attitude in the right place at the right time. The company's approach towards implementing forward-looking policies to train, build and retain talent has paid good dividends and GSFC can boast of having the most agile work force. We call our approach as Genome of Leadership. Our HR initiatives have been successful because they have imbibed in our employees a sense of belonging for GSFC, which is profound. One could perceive a cohesive spirit all round.

Caring for its employees is not confined to precincts of work places. The company has created a conducive and harmonious living environment in its township with easy access to school, medical centre, and open air theatre and shopping complex etc. Swathes of greenery, gardens and trees make the township an enviable habitat.
