EXPLANATORY STATEMENT PURSUANT TO SECTION 173(2) OF THE COMPANIES ACT, 1956.
ITEM NO. 4

The members are aware that the Company has undertakings at Bilimora and Ankleshwar. The Company had intended to establish a third undertaking at village Asnad, Taluka Olpad, Dist. Surat. However, the said undertaking/plant could not been commissioned.

The members are also aware that since 1993, molasses and Alcohol, which are basic raw materials for the finished products of the Company have been decontrolled by the Central Government, with the result that the prices of these raw materials which were in short supply rose to such an uneconomical level that it was not possible for the Company to purchase molasses and alcohol to manufacture the finished products of the Company viably.

The Company believes that in view of decontrol of molasses and alcohol, liberalization of economic policy and keen competition that has emerged, it would be difficult for the company to survive. The finished products which were being manufactured by the Company are now allowed to be freely imported, further compounding the problems in the manufacturing and marketing activities of the company. Entry of certain big manufacturing units in the company's product range with huge investments, using alternate technology with different basic raw materials has adversely affected the manufacturing activities of the company.

Under the changed scenario, there prevails uncertainty of prices of both raw materials and finished products. As a result of this, it is not possible to carry out continuous viable and profitable manufacturing activities. Hence the Board of Directors of the Company has thought fit to discontinue the manufacturing activities.

The Company had received financial assistance by way of term loans from IFCI and working capital loans from banks and other financial institutions. The Company therefore proposes to sell one and/or all of its undertakings at Bilimora and Ankleshwar and the assets at Village Asnad to repay the loans. The Company has proposed One Time Settlement (OTS) to the secured creditors to avail the maximum advantage by way of reduction in the interest, penalty and other charges. IFCI, lead financial institution has favourably considered the proposal for one time settlement. The concerned Banks/Institutions are also favourably inclined to consider the proposals for OTS.

The Directors feel that for the purpose of restructuring and revival of the company it is necessary and advisable to discharge the all liabilities of the Company including liabilities in respect of depositors. Thus it is desirable and in the interest of the Company to dispose off the undertaking and assets of the Company and thereby to reduce the financial burden of the Company. The Directors believe that in the present situation, the Company may receive offers from purchasers who may be interested in purchasing only the land(s) and/or building(s), and/or machinery(ies). It is believed that in respect of the old machineries, the Company may not receive any offers and therefore, such machineries may have to be disposed-off as a scrap and realise whatever best possible value.

The Directors regret that having regard to the uncertainties prevailing in the market, nature of the offer that the Company may receive and the sales strategies that may have to be adopted, it is not possible to make the estimate of the prices at which the undertaking/assets could be sold. Under the circumstances, complete discretions is sought in the matter of disposal of the undertaking/assets from the shareholders.

The Directors under the circumstances, recommend to pass the proposed Ordinary Resolution.

	=====	=====

DIVIDEND :

In view of the losses of the current year, your Directors regret their inability to recommend dividend for the year under review.

OPERATIONS/FINANCE/FUTURE PROSPECTS :

The Company could not operate any production activities during the year under review due to factors beyond the control of the Company like very high fluctuation of prices and poor availability of basic raw materials like Molasses & Alcohol, high competitive market environment for company's finished products and liquidity crisis.

Company could not make the repayment of loan installments to the financial institutions as no manufacturing operations were carried out by the company during the year and as such company is passing through very critical phase.

IFCI, lead financial institution has agreed in-principle for one time settlement and has granted concession in interest etc. Company has also approached Bank and other financial institution for one time settlement.

As a part of restructuring the Company, your Directors propose to sell/lease/dispose-off undertakings/assets of the Company so as to liquidate the liability, reduce the fixed cost and restart its operations by inducting certain value added products with the help of technology and plant & machineries presently available with the Company. Necessary resolution for the sell/lease/dispose-off the undertakings/assets has been proposed for the approval of the members.

DEPOSITS :

Total outstanding deposits as on 31/03/1997 are Rs. 55.04 lac which are matured, claimed but not paid. Best efforts are being made for the repayment.

GUJCHEM DISTILLERS INDIA LIMITED
INSURANCE :

Company has taken adequate insurance to cover all assets.
