DIRECTORS' REPORT TO SHAREHOLDERS

We have the honour to present our forty-eighth Annual Report and Audited Statement of Accounts for the year ended March 31, 2008.

2007-08 OPERATIONS: MAIN RESULTS

We are happy to report that both sales and profits are the highest ever in the history of your Company. Sales (including excise duty) in 2007-08 were Rs.2175 million, up 18% over the previous year. Sales net of excise duty were Rs.2042 million, up 18% over the previous year. Profit before tax was Rs.178.1 million, up 53% over the previous year. Net profit after tax for the year was Rs.112.6 million, up 50% over the previous year. Profit before tax as a percentage of sales in 2007-08 was 8.2% as against 6.3% in the previous year. Profit after tax as a percentage of sales in 2007-08 was 5.2% as against 4.1% in the previous year.

MANAGEMENT DISCUSSION AND ANALYSIS

Pressure Cooker sales volume increased by 10% and sales value by 18% over the previous year. Also, the Company continued its thrust towards the wider distribution of its products and has succeeded in expanding the number of direct dealers by 16% during the year under report.

Cookware sales volume increased by 17% and sales value by 22% over the previous year. Both the Hard Anodised and Non-stick ranges of Futura Cookware are doing well.

Material costs as a percentage of sales in the year under report is 42.6% as against 44.4% in the previous year. This afforded some relief to operating margins as in the previous year material costs had escalated quite sharply.

Total expenses (excluding material costs and excise duty) increased by 18% as against an increase of 18% in sales (excluding excise duty). A judicious control of costs in the face of rising inflationary trends continues to be an important part of our corporate strategy.

Net Cash Flow from operating activities was Rs.112.7 million, despite much higher income tax payment of Rs.71.9 million (last year Rs.26.5 million). The major use of this cash inflow was to reduce bank borrowings by Rs.31.4 million, to acquire fixed assets at a cost of Rs.21.9 million, and towards dividend payment inclusive of dividend distribution tax of Rs.43.6 million. This demonstrates the continuing financial health of your Company.

Morale of employees is high. Industrial relations are normal. We appreciate very much the contribution of all your company's employees.

Control Systems

In our judgment, the company has adequate financial and administrative systems and controls and an effective internal audit function.

Compliance with Revised Accounting Standard AS 15 (Employee Benefits)

During the year, the Company has adopted the Revised Accounting Standard 15 (Employee Benefits) applicable from April 1, 2007. As required by the Revised Standard, the difference between the transitional liability (such liability under the Revised Standard) and the liability that has been recognised at March 31, 2007 (under the then existing AS 15) of Rs.26.5 million (net of tax Rs.17.5 million) has been adjusted against the opening balance of General Reserve on April 1, 2007.

Risks and Concerns

All foreseeable risks that the Company may encounter and concerns have been addressed in a documented risk management framework which is reviewed by the Board from time to time.

Threats and Opportunities

Inflation in oil and raw material prices could pose a threat. The Company continues to diligently watch these trends and seeks effective cost controls and necessary adjustment in prices as needed from time to time.

The continuing vitality of our brands – Hawkins, Futura and Miss Mary – and the economic growth and the growth of aspirations in India offer your company the best opportunity. Also, the fast developing modern retail segment in India offers new opportunities for increasing the sale of our products.

Outlook

In our judgement, the outlook for our business is excellent. We are well-positioned to take advantage of the growth of demand in our markets competitively and to continue to increase our sales and profits handsomely.

All forward-looking statements in our reports are based on our assessments and judgments exercised in good faith at this time. Of course, actual developments and/or results may differ from our anticipation.

2007-08 OPERATIONS: OTHER ASPECTS

FOB value of exports was Rs.103.2 million, up 32% over the previous year. Foreign Exchange used in the year under report was Rs.17.4 million (previous year: Rs.4.6 million)

The expenditure on Research and Development was Rs.9.4 million, 0.5% of turnover (previous year: Rs.9.8 million, 0.6%). Required details are given in **Appendix I**. Efforts continue in our factories and offices to save energy wherever possible.

Information as per Section 217(2A) of the Companies Act, 1956, read with Rules thereunder, is given in **Appendix II**.

None of the fixed deposits maturing for payment prior to March 31, 2008 remained unclaimed as on that date.

DIVIDEND AND APPROPRIATIONS

We are pleased to recommend Rupees Ten per Share as dividend at the rate of 100% (previous year: Rupees Seven per share).

Out of the amount available for appropriation of Rs.148.9 million (previous year:Rs.87.1 million), we propose Rs.52.9 million as provision for dividend (previous year: Rs.37.0 million); tax on distributed profits on proposed dividend Rs.9.0 million (previous year: Rs.6.3 million); Rs.20.0 million transfer to General Reserve (previous year: Rs.7.5 million) and Rs.67.0 million as surplus carried to the Balance Sheet (previous year: Rs.36.3 million).
