MANAGEMENT DISCUSSION AND ANALYSIS

The year 2006-07 was a challenging as well as difficult year, as the long term arrangement with M/s Dumex India Pvt. Ltd. for conversion work was terminated by the Principal as they sold the entire business including the brands to an Indian Pharmaceutical Company. As a result, there was a disruption in the planned production during the year culminating in declined volumes. However, your Company managed to retain the said business after protracted negotiations with the buyer of the business. Your Company has started manufacturing for the said business commencing from April, 2007 and is expected to stabilize the volumes in the F.Y. 2007-08.

The Company in the meanwhile had carried out review of its business prospects and have had negotiations with major Fast Moving Consumer Goods (FMCG) producers including multinational companies to manufacture new products as well as intermediaries for certain existing products. Trials conducted for such proposals are in an advanced stage and the Company is hopeful that the product developed would be to the expectations of the Principals resulting in the Company to have firm tie up of new business in the Financial Year 2007-08.

In the meanwhile the Company has taken necessary initiatives to enhance productivity and efficiency. Your Company has employed qualified and technically competent personnel and has introduced several training programmes to keep such personnel update on information and new technologies, to achieve cost effectiveness.

The Company enjoys cordial relations with its Employees.

Your Company has proper and adequate system of internal control to ensure that all assets are protected and safeguarded. Your Company has well documented operating procedures and authorizations which itself are adequate for internal controls. Adequate internal checks are built in to cover all financial transactions with systematic delegation of authority. The Company's ISO 9001:2000 & HACCP system also provides better level of system based on checks and controls.

Some of the statements given in the above management discussions and analysis about Company's projections, estimates or expectations may be 'forward looking statement'. Actual results may differ substantially from those expressed or implied statements.

CORPORATE GOVERNANCE REPORT

CORPORATE PERCEPTION:

Transparency in all dealings, effective control and management of organization, investor friendly attitude towards shareholders have been the basic objective of the corporate governance of the Company.
