Directors' Report

TO THE MEMBERS

Your Directors are pleased to present their 48th Annual Report together with the audited statement of accounts for the 9 months period ended 31st December 2006, during which momentous changes have taken place in the Company as well as the Cement industry.

As the Members are aware, during the period under review pursuant to the Share Subscription and Share Purchase Agreement dated 18th July 2006 entered into, by and amongst Cementum I B.V. (a company incorporated under the laws of The Netherlands, which is 100% controlled by HeidelbergCement AG) and the Company as well as the Promoters of the Company, 665,00,000 fully paid up Equity Shares of Rs.10/- each of the Company were allotted to Cementum I B.V. at a subscription price of Rs. 54 per share pursuant to your approval at the Extra Ordinary General Meeting held on 16th August, 2006. As a result, Cementum I B.V. emerged as the single largest shareholder and became a promoter of the Company. In accordance with the SEBI Takeover Code, Cementum I B.V. made an open offer for up to 350,00,000 Equity Shares of the Company besides acquiring 134,00,000 Equity Shares from the existing Promoters of the Company. Besides, the Company, the Acquirer and the present Promoters have also entered into a Shareholders' Agreement dated 18.07.2006 governing the relations between Cementum I B. V. and the existing Promoters.

HeidelbergCement AG is one of the leading producers of building materials worldwide with its presence in more than 50 countries and employs around 43,000 people. HeidelbergCement Group has a turnover of over 13 billion Euros from its core products cement, ready-mixed concrete, aggregates and related activities. HeidelbergCement group has a capacity of over 100 million tonnes per annum.

The Indian cement industry has a capacity of around 165.1 million tonnes per annum at the end of December 2006 as reported by the Cement Manufacturers Association (CMA). Against this, the cement production was 112.87 million tonnes during the period April to December'06, exhibiting a growth of 10%. The cement despatches during this period were 112.25 million tonnes, showing a growth of 10%. Cement export during this period registered a growth of 8.02% from 4.24 million tonnes to 4.58 million tonnes.

CHANGE IN ACCOUNTING YEAR

The Accounting Year of the Company has been changed to end on 31st December, 2006 instead of 31st March 2007. The current year, therefore, comprises of a period of 9 months as against 12 months of the previous year.

OPERATIONS

Your company completed a highly successful and eventful period of operations in 2006 and continued to take strides in consolidating its position in the market.

The cement sales from Mysore Cements Ltd. were 1.58 million tonnes during the period April to December'06 against 1.42 million tonnes achieved during same period in the year 2005-06, thereby registering a growth of 11.4%. During the period the blended cement production was almost 100% against the industry average of 68%.

Production and Sales of the Company are as under:

	2006 (April-December)	2005-06 (April-March)
Cement		
Production (in tonnes)		
-Clinker	1140853	1658672
-Cement	1587920	2045520

-Clinker	33197	207142
-Cement	1577545	2065276
	<u>1610742</u>	<u>2272418</u>

The Company continued cost reduction and cost saving exercises, through out the year, in all spheres of its activities. Even though cement sales and gross sales have gone up, we however have to constantly look at reduction in costs. We believe that there are a lot of areas where there is a possibility of reducing costs which include optimising the operations

(reduction in specific power and specific fuel consumption), centralised purchasing and rationalisation in distribution. (Management discussion and Analysis covers various details).

The operation of the Sponge Iron Plant and Steel Melting Shop has been discontinued during the period under review and a sum of Rs. 582.66 lac's has been provided against loss on the assets of the said operation held for sale.
