Chairman's Speech

Dear Shareholders,

I extend my hearty welcome to you to this 28th Annual General Meeting of your Company. I am sure, you must have received The Directors' Report and Audited Annual Accounts of the Company for the year ended 31st March, 2011 and with your permission I take them as read.

I now proceed to share with you briefly the performance of the company and our activities.

1. OPERATIONS AND OVERALL PERFORMANCE

Your Company has made Net Profit of Rs.223.47 lacs from operations as against the net profit of Rs. 306.27 lacs of the previous year. The quality of your Company's products is continued to be well accepted in the market and resulted in increase in sales turnover (by 74%) to Rs.3352.42 lacs as against Rs.1927.06 lacs in the previous year. With this improved sales performance Working Capital position has been improved during financial year. During the year under report production of PTFE was 124.58 Metric Tones as against 85.88 Metric Tones in the previous year.

Company has achieved 100% capacity utilization of CFM-22 plant and produced 1265 Metric Tones as against 940.5 Metric Tones in the previous year. 100% operation of CFM Plant will significantly improve the revenue from CDM

CLEAN DEVELOPMENT MECHANISM (CDM) PROJECT:

CDM Project got registered on 14.11.2008 by the United Nations Framework Convention on Climate Change (UNFCCC) Executive Board and it is commissioned in January, 2010 and thermal oxidation of 42.5 Metric Tones of CFM-23 was done. UNFCCC had advised HFL to revise the monitoring plan.

Accordingly, revised monitoring plan was submitted to validation agency i.e., SGS, Germany. The CERs were awarded by UNFCCC on 11.03.2011. The company has sold all CERs to the highest bidder M/s Mercuria Energy Trading, S.A., Switzerland through Global Tendering process on 26.04.2011. Validation of second lot is in progress and it is expected issuance for this lot will happen in FY.2011-2012.

**2. FUTURE OUTLOOK.**

DIVERSIFICATION: PTFE industry is dominated by large integrated players consisting of both Indian and multi nationals. Compared to global scenario, the capacity is very small and operating with old technology. Hence, the traditional product mix is not competitive. In view of this it is difficult to make any sustainable business only on PTFE. To overcome this, company is focusing on the niche area of Fluoro Speciality Chemicals. Continuous efforts are being made for development of these chemicals. Accordingly, one such product namely TFE-ETHER is already commercialized. Efforts are also being undertaken to increase the capacity of the existing monomer plant by debottlenecking and improving the conversion factors. This would help to increase the revenue from CDM for the year 2011-12.

With this initiative management is confident about the sustainable growth of the company.

3. SAFETY, ENVIRONMENT & ISO CERTIFICATION

The company continued to lay emphasis on the consciousness about safety among the employees and periodic reviews of safety measures have enabled the company once again to maintain safe operations during the year.

Management is maintaining strictly all the required environmental norms and quality systems as per ISO 9001:2008

4. INDUSTRIAL RELATIONS

Employee relations continued to be cordial through out the year. Company continued to follow Govt. policy of reservation in recruitment of SC/ST/OBC. During the year there were no strikes or lock outs affecting the production/profitability.

5. CORPORATE GOVERNANCE

Your Company lays emphasis in conducting its affairs within the frame work of policies and guidelines set by the Government in a transparent manner. It is the endeavour of the Company to build trust between Share Holders, Employees and Customers based on the basic principles of Corporate Governance. The detailed Report on the Corporate Governance as well as Management Discussion Analysis Report is enclosed as a part of the Directors' Report. This Report analyses in brief the potentialities of the Company as well as the focus of the Company's business.

6. ACKNOWLEDGEMENTS :

I place on record my appreciation and gratitude to all the employees and others who had extended their support and co-operation during the year to achieve the targeted goals of the Company. In particular I am grateful to various officials of the Govt. especially from the Govt. of India, the Ministry of Chemicals & Fertilizers, Finance Ministry, Ministry of Environment & Forests, Promoter Company i.e. HOCL and Board Members. I would like to convey my sincere appreciation to our valued Customers, Suppliers, Statutory Bodies, Investors, Banks & FIs etc for the continued support. In conclusion I am fully confident that with the continued support from all of you my urge to place your Company in the pedestal of success will not be unrealistic.

Thank you all once again.

Chairman**

DIRECTORS' REPORT

Your Directors are glad to present the 28th Annual Report of the company together with Audited Annual Accounts for the year ended 31st March, 2011.

FINANCIAL RESULTS [Sec.217(1)(a)] :

The financial performance of the Company for the year ended 31st March, 2011 is summarized below:

	(Rs. in lacs)	
	Financial Year	Financial Year
	2010-11	2009-10
Sales Turnover (Gross)	3352.42	1927.06
Gross Profit / Loss for the year	658.62	666.36
Less: Interest & Financing Charges	282.66	270.09
Cash Profit (Loss)	375.96	396.27
Less: Depreciation	155.65	88.95
Profit / (Loss) for the year	220.31	307.32
Add: Prior period Adjustments	3.16	(1.06)
Net Profit/(Loss)	223.47	306.26

RESERVES [Sec.217(1)(b)] : NIL

DIVIDEND [Sec.217(1)(c)] :

In view of the accumulated losses at the end of the financial year 2010-11 are carried forward, your Directors do not recommend any dividend on equity shares for the year ended 31.03.2011.

OPERATION AND OVERALL PRODUCTION AND MARKETING PERFORMANCE:

During the year, the sales turnover was Rs.3352.42 lacs as against Rs.1927.06 lacs in the previous year. During the year under report production of PTFE was 124.58 Metric Tones as against 85.88 Metric Tones in the previous year. During the year, 405.49 Metric Tones of CFM-22 was sold in the market and balance quantity was used as feed stock to manufacture various products including Fluoro Specialty Chemicals. Accordingly, during the year 255 Metric Tones of Tetra Fluoro Etylene (TFE) was used to manufacture TFE-ETHER. Quality of all company's products continued to be well accepted by our customers. Company has achieved 100% capacity utilization of CFM-22 plant and produced 1265 Metric Tones as against 940.5 Metric Tones in the previous year. This will significantly improve the revenue from CDM.

CLEAN DEVELOPMENT MECHANISM(CDM) :

CDM Project got registered on 14.11.2008 by the United Nations Framework Convention on Climate Change (UNFCCC) Executive Board and it is commissioned in January, 2010 and thermal oxidation of 42.5 Metric Tones of CFM-23 was done. UNFCCC had advised HFL to revise the monitoring plan. Accordingly, revised monitoring plan was submitted to validation agency i.e., SGS, Germany. The CERs were awarded by UNFCCC on 11.03.2011. The company has sold all CERs to the highest bidder M/s Mercuria Energy Trading, S.A., Switzerland through Global Tendering process on 26.04.2011. Validation of second lot is in progress and it is expected issuance for this lot will happen in FY.2011-2012.

CORPORATE SOCIAL RESPONSIBILITY:

Recognizing the obligation to the society both in the areas of environment protection and social development, company has taken initiatives towards implementing welfare schemes for uplifting the quality of living of the community surrounding the factory area. Company is providing water and first aid facilities in near by villages.

DIVERSIFICATION INTO FLUORO SPECIALITY CHEMICALS:

In accordance with long term strategy of diversifying into Fluoro Speciality Chemicals, the company has successfully commercialized TFE-ETHER. We are the only manufacturers for the product in India. This has helped the company to give competitive edge by entering in the Niche Market. This has also resulted in 100% capacity utilization during FY 2010-2011.

Encouraged by the success of the first product, the company has undertaken development of other products. One such product is in the final stage of acceptance by M/s.Vikram Sarabhai Space Centre(VSSC), Thiruvananthapuram.

HEALTH AND ENVIRONMENT (HE)

The management has taken the great responsibilities for continuous monitoring and protecting the health and environment as per statutory compliance. The environment is maintained clean as per standard emissions norms and with respect to noise pollution norms prescribed by central pollution control Board and

under guidelines of Ministry of Environment and Forests, Govt of India.

The health record of employees working in Production Division is maintained in the Health Register in Form 7 and these employees are certified for the fitness to work in hazardous process by the certifying Surgeon for the year 2011 as per statutory requirement of Director of Industries Health and Safety, Govt. of Andhra Pradesh.

FIRE & SAFETY PERFORMANCE:

The Company pays special attention to ensure safety of the factory and workers employed therein.

The Company accords the same priority attention to safety aspects as it does to production and productivity, be it in a personal safety, process safety, environment safety or product stewardship and allocated adequate resources of men, machine, money, time, energy to maintain the standards thus performance during the year is very good.

The Company continued to maintain good safety record without any major accident / fire. The financial year 2010-11 was a zero accident year.

ANNEXURE-III TO DIRECTORS' REPORT

Reply of the Management on the Auditors' Report to the Members for the Financial Year 2010-11:

Sl. No.	Auditor's Report Para No.	Audit Observation	Management Reply
1	i	Regarding Sundry Debtors / Sundry Creditors: Sundry Debtors /Sundry Creditors are subject to confirmation by the parties.	<p>We had sent letters for seeking confirmation of balances to customers and replies were not received. However in future we will ensure to obtain confirmation of balances from customers in time.</p> <p>We have obtained the confirmation of balances from the Creditors which are having major balance amounts and in respect of the small creditors necessary follow up action is being taken to obtain the confirmation of balances.</p>
2	ii	Regarding Valuation of CERs as Closing Stock With regard to CERs (Carbon Emission Reductions), they are the Credits issued by UNFCCC(United Nations Framework Convention on Climate Change) to the company for successful reduction /incineration of R-23 gas. R-23 gas falls in the list of gases having potential of global warming and is eligible category of Carbon Credits as per the KYOTO Protocol. Hence the company is eligible for claiming Carbon Credits after the incineration of the R-23 gas. This asset is of Intangible in nature but is treated as current asset (Closing Stock) in the financial statements which is against the accepted accounting practice. During the current financial year 2010-11, UNFCCC confirmed 420793 CERs to the company in its site (www.unfccc.int) after deducting 2% i.e., 8587.62 CERs as adaptation fund deduction. Of the above CERs received, the company had transferred 210652 CERs as instalments payment to SRF Ltd (BOT contractor) for the Plant and Machinery (CDM Project) as per the agreement entered 14 th , August, 2007. After the above outflows of CERs, the company is left with 210142 CERs treated as	<p>The sale transaction was made after the issuance/ award of CERs by UNFCCC and sale was approved by the Board in its 149th meeting held on 11th March, 2011. Accordingly the income for CERs was considered in the accounts for the year 2010-11.</p>
