<b>SHRI S.K. KAPOOR</b>	Director - Marketing
<b>SHRI S.K. KERR</b>	Director - Human Resources

## Chairman's Message

*One more eventful financial year came to a close in March 2000. As you are aware, last year your Corporation completed 25 years as a PSU and will now be progressing towards completing 50 years since the formation of the Company in 1952. Over the period, activities of your Corporation have been growing steadily in terms of volume, diversifications, profitability and complexity.*

*The process of partial disinvestment of your Corporation's shares by Government during 1993-94 as part of the Government's economic liberalisation programme was the first step towards ushering in a period which would see market forces influencing the performance of the Corporates. The Public Issue in two phases, during 1995 and 1997, widened the shareholders' base, making your Corporation as the only PSU where Government of India's holding is close to the threshold limit of 51%, the balance being distributed among FIs, Flls, MFs, NRIs, Employees and Public. With the Economic indices showing a positive trend, energy demand in various forms showing steady increase in the period to come, Government of India's Hydrocarbon Vision 2000-2025 envisaging inter-alia, full dismantling of APM by April 2002, your Corporation is gearing up to meet the requirements of the changing environment.*

*Expansions, Diversifications, Consolidations are becoming commercial compulsions globally to sustain growth and profitability. Your Corporation has been going through this process through its own activities as well as in terms of formation of joint ventures, for establishing new projects, both in the downstream as well as upstream areas. The Joint Venture approach has benefitted the Corporation in terms of shared approach to investments, avenues to receive expertise and achieving synergy in skills. This approach will be sustained to exploit the growth potential in the areas of exploration and production, improved marketing infrastructure and export opportunities etc.*

*The significant areas of performance during the financial year 1999-2000 were sales turnover of Rs. 34,368 crores, net profit of Rs. 1,057 crores, crude thrupt of 10.55 Million tonnes, internal resource generation of Rs. 1,036 crores, and contribution to exchequer of Rs. 8,732 crores. For the 9th year in succession, your Corporation recorded an 'Excellent' rating on the performance MOU signed with the Government of India. The Corporation*

*paid an interim dividend of 80% on the increased equity after issue of Bonus shares. With the proposed 30% final dividend, the total dividend for 1999-2000 will be 110%.*

*Other achievements during the year included the capacity expansion of Visakh Refinery from 4.5 MMT to 7.5 MMT per annum and completion of the Diesel Hydro De-Sulphurisation project at Mumbai and Visakh Refineries at a total cost of Rs. 1500 crores. Both the Refineries are now supplying unleaded petrol and extra low sulphur diesel.*

*Implementation of (a) the 9 million tonnes Punjab Refinery Project, (b) the 500 MW VTB based Power Plant at Visakh, (c) the 60,000 tonnes LPG cavern storage facility at Visakh, (d) the enterprise wide information system and (e) the Stabilisation of the newly constituted SBU Units of Marketing Division will be the important activities in the next few years. These activities are expected to provide considerable value addition to the Corporation.*

*The emerging competition in marketing of Petroleum products has intensified with the customers expecting not only quality products but extended range of services. The Corporation has embarked upon upgradation and modernisation of its Retail Outlets. Facilities such as Convenience Stores, Cyber kiosks, Automated Teller Machines are being introduced in a gradual manner. This initiative has already evoked positive response from the customers.*

*Continued success in performance requires concerted efforts and commitment to the Organisational goals coupled with endeavour towards achieving high standards of performance and productivity. Your Corporation strives constantly towards this. The confidence and support of our large base of customers, business associates, loyal shareholders and dedicated employees gives us the required impetus to continue with the high level of performance.*

*Specific details of performance are given herein.*

**H.L. ZUTSHI**  
*Chairman & Managing Director*

*Mumbai*
