OPERATIONS & GENERAL REVIEW

The turnover for the year ended on 31st March, 2002 is Rs 13.67Crores as against turnover of Rs 48 Crores for the previous year. The decline in turnover is on account of (a) Orders for lesser quantity from public sector Oil Companies due to delay in finalisation of Tenders. (b) Sale prices of Cylinders came down by 30% and margins were substantially eroded. (c) Lay off and strike by workmen at its Faridabad unit from 1st September, 2001 to 10th December, 2001 (d) Stoppage of manufacturing activities in Wire Unit at Faridabad due to adverse market conditions, from 1st September, 2001.

The main area of business during the year was in LPG Equipment division at Faridabad. The Company is making constant efforts to develop new related products without incurring any substantial capital expenditure. As reported earlier the company has also developed Pressure Regulators and Adaptors for use in LPG Cylinder for commercial applications particularly for Automobile industry. This product has been well accepted in the market, but the off take has not picked up since use of LPG in automobiles is in its early stage. The company is also in advanced stage of developing LPG Auto Tank (Fixed Cylinder) for use of LPG in Automobiles. The company expect good demand for these products as the use of LPG in Automobiles has been recently permitted by the Government.

The company's Sodepur unit continued to remain under suspension of work since 12.12.1998. The company has already settled the full and final accounts of all the workers of this unit except a few workers. The company in consultation with the trade unions and workers is also trying to settle the accounts of the remaining workers so that the assets of this unit can be disposed off for liquidating the debts of secured creditors. The Hon'ble AAIFR has already given directions for sale of assets of this unit.

In order to be competitive in the market and to reduce losses, the company is making its sincere efforts to reduce the costs at all levels including rationalisation of manpower. For rationalisation of manpower, the Company has incurred Rs. 148.26 lacs during the year towards payment of gratuity and other benefits to the outgoing employees.

REFERENCE TO B.I.F.R.

The Company made reference to the Board for Industrial and Financial Reconstruction (BIFR) as per the provisions of Section 15 of the Sick Industrial Companies (Special Provision) Act (SICA), 1985 and the reference was admitted by BIFR on 14th September, 1999. The Industrial Investment Bank of India (IIBI) was appointed as the operating agency under Section 17 (3) of SICA for formulating rehabilitation scheme. The Company has arrived at a one time settlement with Debenture holders in respect of their dues. The company has also offered to State Bank of India (SBI) for one time settlement of their entire dues which is under their consideration. During the year the Hon'ble AAIFR directed for the sale of assets of Kolkata unit which is lying closed for the last more than three years and has constituted a Asset Sale Committee (ASC) consisting of SBI as convenor and Industrial Investment Bank Of India (IIBI) and the company as members of ASC. The work on sale of assets is in progress as per the directions of the Hon'ble AAIFR.
