CHAIRMAN'S STATEMENT

Dear Shareholder,

We have a long-standing reputation for pursuing excellence which has been a tremendous strength for our Company. We put our guests first and maintain high standards in every aspect of our business - from ethics and transparency, to environmental and social sustainability, to diversity and inclusion. We believe that each interaction with our brand is designed to uniquely delight guests, create indelible memories, and build an enduring loyalty. Hence, we are proud to be voted the fifth top brand in a worldwide 2016 survey by the renowned Travel+Leisure USA and ranked above some of the most acclaimed luxury hospitality chains around the globe. It is indeed one of the most prestigious honours in the travel and hospitality industry.

With six consecutive years of downslide, the hospitality industry is finally showing some signs of recovery. In 2015, we saw a small addition to hotel inventory in prime markets where a demand-supply mismatch still exists, an upturn in average room rates, and a marginal increase of 3.3 per cent in occupancy rates. It is encouraging that domestic tourists continue to account for significant spending. Also, India witnessed a modest 4.5 per cent growth in Foreign Tourist Arrivals (FTAs), which is of course significantly lower than other countries in the region such as, Thailand at 30 million, Malaysia at 25.7 million, and Dubai at 15 million.

India's share of the total world tourist arrival is only 0.6 percent, a fraction of its true potential. It is, therefore, the goal of the Ministry of Tourism, Government of India, to increase this percentage from 0.6 per cent to

1 per cent by 2020 which is indeed a very daunting task keeping in mind that another 1,80,000 guestrooms would need to be added to the present inventory of 1,20,000 guestrooms. At an average of ₹1 crore per guestroom, this tantamounts to capital expenditures of ₹180,000 crores. This is why the Ministry of Finance, Government of India, has accorded hotels over project cost of ₹200 crores, the same benefits of infrastructure sectors such as airports, ports, etc. enabling them to raise loans for a tenure of 15 years and for projects of over ₹500 crores under the 5x25 Schemes.

The Government's decision to open up tourism by introducing e-Tourist Visa to 150 countries as against the coverage of the earlier TVoA scheme for 12 countries, and allowing multiple entries, has been a very welcome move in the right direction.

It is hoped that rationalization of taxes in the proposed Goods and Services Tax (GST) bill will further enable hotels to attract business from around the globe. Internationally the Indirect Tax levies are less than 10 per cent overall while the applicable cumulative taxes now for hotels in India amounts to 25-30 per cent. Due to these excessive taxes, Indian hotels cannot compete with international destinations. We hope that the proposal will keep the tax rate for tourism and hospitality business in the lowest GST slab of six to eight per cent, in order to enable us to compete with other destinations such as Thailand, Malaysia, Indonesia, Sri Lanka and China, whose incidence of GST averages between six and eight per cent.

The Ministry of Tourism, Government of India also launched the 'Swadesh Darshan' Scheme to develop 13 theme-based and sustainable tourist circuits to generate tourist arrivals and enhance employment opportunities. The Buddhist Circuit, expected to be in great demand among international tourists, will span all Buddhist sites around the country. The hospitality sector can be a key partner in this development story since there is a critical need for hotels in these sites from Lumbini (the birth place of Lord Buddha in Nepal). Bodhgaya, Kapilvastu, Sarnath and Varanasi. Development of this well-structured proposal will help showcase India to tourists from around the world, especially China, Sri Lanka, Thailand, Malaysia, South Korea and Japan.

In addition to the Government implementing the aforesaid measures and executing the various policy initiatives, granting of "Infrastructure Status" is important for hotels that have already availed of about

₹20,000 crores loans in the last five years to put up recently-opened projects, which have become Non-Performing Assets (NPA) or Banks have sold their liabilities to Asset Restructuring Companies. The main reason for this has been the very short tenure of term loans given to hotels of 10 years. The repayment of such loans being invariably before the Hotel is able to stabilize itself, leads it to become an NPA.

Progress on our Asset-light Strategy

The Leela Palace New Delhi continues to be the market leader in the Capital city in terms of RevPAR, ranked number three in 'Top City Hotels in Asia' and is voted among 'The World's Top 100 Hotels' in USA's Travel+Leisure 2016 World's Best Awards. The Leela Goa has been ranked among 'The World's Top 100 Hotels' in UK's Conde' Nast Traveller Readers Travel Awards 2015; and The Leela Palace Udaipur has been voted India's 'Favourite Leisure Hotel' in Conde' Nast Traveller India Readers Travel Awards 2015. These Awards are a testament to our commitment to providing the finest hospitality experience in India and overseas.

In India, we announced a new addition to the Group's luxury portfolio with the reflagging of Ambience Group's 5-star Deluxe Hotel in East Delhi. Renamed 'The Leela Ambience Convention Hotel Delhi' the 480-room property offers one of the largest MICE spaces in the country with 70,000 square feet of multi-purpose meeting and banqueting space capable of holding a reception of more than 6000 guests. With the newest addition, The Leela Group now operates three unique properties in the Delhi-NCR totaling over 1150 rooms which makes it the Brand with one of the highest number of guestrooms in the NCR Region.

Other projects are moving forward as scheduled including The Leela and The Leela Residences on a 125 acres township – Bhartiya City – near the Bangalore International Airport. The development has a Leela Hotel with 256-rooms, a Convention Centre, and 150 Leela Residences. These Leela Residences will provide all the luxury services that The Leela is acclaimed for, within the privacy of their residences. Other projects in Agra, Jaipur and Chandigarh are in different stages of planning and implementation and we expect to launch the Jaipur hotel in 2017.

We are also pursuing other international opportunities in Maldives, Abu Dhabi, Seychelles, Dubai and Fujairah Beach. To sum up, we expect a better performance this year, especially in hotels located in the business destinations. We are focused on restructuring our debt

and driving growth while maintaining our operational excellence. Whilst doing so we are aware of the pain caused by the disinvestment of stellar properties such as The Leela Goa but it is important to make the Company lean and with the least amount of debt. Thus, the emphasis is on securing new management contracts without any investment from your Company, of course in the process retaining many of the current hotels, which are the best performing in all the various markets they operate in.

For the outstanding comments received of guest experiences, I thank our extraordinary associates who make the mission of The Leela, their own. I would like to thank you, all our Shareholders, Board Members, Lenders, the Ministry of Tourism, Government of India and the Tourism Departments of the various State Governments, for their whole hearted support.
