DIRECTORS RESPONSIBILITY STATEMENT

Pursuant to sub section (2AA) of section 217 of the Companies Act, 1956 the Board of Directors of the company hereby state and confirm that:

- (i) in the preparation of Annual Accounts for the year ended 31st March 2003, the applicable accounting standards have been followed.
- (ii) the financial statements do give a true and fair view of the state of affairs of the company for the financial year ended 31st March 2003 and your directors have selected and applied the consistent accounting policies and the judgement and estimates made therein are reasonable and prudent.
- (iii) proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 1956 for safe guarding the assets of the company and for preventing and detecting fraud and other irregularities have been ensured.
- (iv) the Annual Accounts for the year ended 31st March 2003 have been prepared on a going concern basis.

OPERATIONS

During the year the company upgraded its plant to produce funnel for Colour Picture Tube.

Trial production of Colour Funnel started from December 2002 and production was stabilized in March 2003. You will be pleased to note that entire up-gradation of plant was completed in less than Rs. 10 Crores which is much lower than that incurred by competitor for similar activity. Due to a decline in market, there is steep fall in selling prices of Black & White Glass Parts, as a result of which the company incurred a net loss of Rs. 9.80 crores during the year ended 31st March 2003.

DIVIDEND

In view of losses during the year, your directors are not recommending any dividend this year.

FUTURE PROSPECTS

Your plant is now capable of producing both Black & White Picture Tube Glass parts as well as funnels for Colour Picture Tube. The company is expected to make good profits from current year due to :

1. Increase in the price of Glass Parts for B/W Tubes, due to rationalization of B/W Tube prices.
2. Production and sale of funnels for Colour Picture Tube.
3. Ready market for your product, as Hotline Teletube & Components Ltd. would procure all B/W Glass Parts required by it and Hotline CPT Limited would procure all colour funnels required by it from your company.
4. Demand of both Black & White T.V. as well as Colour T.V. is expected to grow at a steady pace, especially with the passing of Electricity Act. Availability of power in rural India will improve the penetration level of T.V., which is quite low as compared to other countries.

You will be pleased to note that Hotline CPT Ltd. in which your company had invested Rs. 27 crores as strategic investment, has started making net profits. The production and sales of Hotline CPT Ltd. are increasing steadily and the company is also setting up lines for manufacturing colour display tubes for computers. Presently the company manufactures 20", 21" and 14" colour picture tubes for televisions and has attained the position of market leader in colour picture tube industry. As a result of increase in the scales of operations of Hotline CPT Ltd., your company would be able to provide large quantities of funnels for colour picture tubes, resulting in better profitability.

CORPORATE GOVERNANCE

Your company and its Board is committed to achieve the highest standards of Corporate Governance. The Corporate Governance practices followed by the company are indicated separately in the Annexure forming part of this Report.

A certificate from the Auditors of the company regarding compliance of conditions of Corporate Governance as stipulated under clause 49 of the Listing Agreement is also attached.

FIXED DEPOSIT

The company has not accepted any fixed deposit from the public during the year.

DELISTING

The listing fees of Delhi Stock Exchange, Madhya Pradesh Stock Exchange and Mumbai Stock Exchange for the year 2003 – 04 has already been paid. The Company has received confirmation of delisting from Ahmedabad and Madras Stock Exchanges during the year but confirmation of delisting from Calcutta Stock Exchange is still awaited despite of completing all the formalities.

DIRECTORS

Mr. G. L. Modi, Mr. V. N. Masaldan and Dr. S. Krishnamurthy retire from the Board by rotation and being eligible offer themselves for reappointment.

Mr. Anil Gupta was appointed as non-rotational Managing Director of the Company without any remuneration for a period of 5 years with effect from 30.01.2003 u/s 269, 316 and 317 read with Schedule XIII of the Companies Act, 1956. His appointment has been recommended for your approval u/s 269 read with Schedule XIII of the Companies Act, 1956.

AUDITORS

Your Company's Statutory Auditors, M/s. S. S. Kothari & Co., Chartered Accountants, 8 – D, Atmaram House, 1, Tolstoy Marg, New Delhi – 110001 retire at the conclusion of the forth coming Annual General Meeting and have confirmed their eligibility and willingness to accept the office, if re-appointed.

PARTICULAR OF EMPLOYEES

None of the employees are covered under section 217 (2A) of the Companies Act, 1956 and rules framed there under.

B. RESEARCH & DEVELOPMENT

Due to Continuous Research & Development, the Company has been able to upgrade the entire facilities enabling it to produce the Glass Parts for both Black & White and Colour Picture Tube. The entire up-gradation has been done without any technology tie up.

Not only that the entire up-gradation has been done at minimum cost, the company has been able to stabilised the production for Glass Parts for Colour Picture Tube within a short period of 3 months.

The company had taken technology from Picvue Taiwan in 1993-97 which has been fully absorbed.

C. FOREIGN EXCHANGE EARNING / OUTFLOW

Total foreign exchange used by Company during the period is Rs.1207.58 lacs for imports, foreign technicians fee, travel & others.

COMPLIANCE REPORT ON CORPORATE GOVERNANCE
(Clause 49 of the Listing Agreement)

Company's Philosophy on Corporate Governance

The basic philosophy of Corporate Governance in the company is to achieve business excellence and add shareholder value by following desired disclosure practices & sound decision making, achieved through effective & harmonious interactions amongst the Board of Directors, its committees & senior management. Transparency, accountability & responsibility are the guiding principles for all decisions, transactions & policy matters. Good Corporate practices have guided the company to not only work towards the enhancement of shareholders value, but also towards overall betterment of all stakeholders, viz, shareholders, creditors, customers, employees & society at large.

Good Corporate Practices ensure that a company meets its obligations to optimise shareholders value. The Board of Directors and management of Hotline Glass Limited are committed to the key elements of Corporate Governance transparency disclosure & independent supervision to ensure that all functions of the company are discharged in a professionally sound, competent and transparent manner. The philosophy on Corporate Governance is founded upon a rich legacy of fair and transparent governance practices, many of which were in place before they were mandated. Following disclosures are set out towards achievement of good Corporate Governance.

Composition of the Board

The Board has presently ten directors, nine of whom are non-executive directors including nominee director of M/s. IDBI. Mr. Anil Gupta, Promoter Director is the only Executive Director. None of the non-executive directors has any material pecuniary relationship with the company.

Management Discussion and analysis report.

Realising that the Black & White T.V Industry is passing through a declining phase in India., the company has started manufacturing of funnel for Colour Picture Tubes. As one of the group companies, namely Hotline CPT Ltd. is engaged in manufacturing of Colour Picture Tubes, the company has readymade market for funnel for manufacture of colour picture tube. The production of Glass parts for Black & White Picture Tubes would continue for the consumption of Hotline Teletube & Components Ltd.

Colour T.V Industry is growing at a rapid pace and witnessed a growth of more than 25% during the year 2002-2003. This provides good opportunity to company to maximise its colour funnel production. The only threat can be availability of imported colour glass at lower prices if custom duties are reduced. However the company can counter this by increasing production and exporting to other countries.

As the company is engaged in production of Glass parts for Picture Tubes either of Black & White or Colour, there is only one segment.

It is expected that with the rationalization of Black & White Glass prices and start up of Funnel for colour picture tube, the company would make profits in the coming years. Also considering the expected improvement in power situation, due to passing of Electricity Act, the outlook for T.V Glass industry is bright.

With the liberalisation of economy, there is always a risk of import of Glass Parts. As far as Black & White Glass Parts are concerned, there is hardly any manufacturer outside India. Regarding colour funnel glass, the company plans to diversify into exports to maintain the profitability.

The company has an adequate system of internal controls to ensure that transactions are properly recorded, authorized and reported apart from safeguarding its assets. The internal control system is supplemented by well documented policies, guidelines and procedures and review carried out by the company's internal audit function which submits reports periodically to the management and the Audit Committee of the Board.

During the current year the company produced 47.08 lac glass part for Black & White Tubes as against 32.74 lac producing during 9 months ending 31st March 2002. The company also produced 2.31 lac colour funnels. However due to steep fall in selling prices during the year 2002- 2003, the company suffered a net loss of Rs. 9.80 crores as against the loss of Rs. 0.52 crores during the period of 9 months ended 31st March 2002.

The relationship with workers has been cordial and the entire work force did a creditable job by producing colour funnel without any technology support. The company engaged 282 workers as at the end of the year.

The company has not entered into any material, financial or commercial transaction in which management may be interested and which may have a potential conflict with the interest of the company.
