Grading Services

The Grading Services offered by ICRA employ pioneering concepts and methodologies, and include Grading of: Initial Public Offers (IPOs); Microfinance Institutions (MFIs); Construction Entities; Real Estate Developers and Projects; and Maritime Training Institutes. In IPO Grading, an ICRA-assigned IPO Grade represents a relative assessment of the "fundamentals" of the issue graded in relation to the universe of other listed equity securities in India. In MFI Grading, the focus of ICRA's grading exercise is on evaluating the candidate institution's business and financial risks. The Grading of Construction Entities seeks to provide an independent opinion on the quality of performance of the entities graded. Similarly, the Grading of Real Estate Developers and Projects seeks to make property buyers aware of the risks associated with real estate projects, and with the developers' ability to deliver in accordance with the terms agreed. In the education sector, ICRA offers the innovative service of Grading of Maritime Training Institutes in India. These apart, of late, ICRA has been offering the services of Grading of the Renewable Energy Service Companies (RESCOs) and the System Integrators (SI); Grading of Management Education Institutes; Grading of Engineering Colleges/Universities; Grading of Fundamental Strength and Recovery Prospects; Assessment of the fundamental and financial strength of Real Estate Entities (REEs) & Real Estate Projects (REPs); and ICRA Corporate Responsibility and Sustainable-Business Grading.

Industry Research

Given ICRA's strong analytical capabilities across industries, the research reports provide in-depth analysis of industry-specific issues, trends in demand-supply factors, the competitive landscape, and medium-to-long-term outlook. The research reports are tailored to meet the research requirements of a wide range of participants, including banks, mutual funds, insurance companies, venture funds and corporates.

ICRA at a Glance

Equity Research Service

The ICRA Equity Research Service seeks to provide market participants with an assessment of the fundamental earning quality of specific companies and their current relative valuation as reflected by the prevailing price of their equity shares. An ICRA Equity Research assessment, while not specifying any target price for the shares evaluated, captures two key factors—fundamental earning quality and relative valuation—that influence the price behaviour of equity shares of companies over the medium and long term. In assessing the relative valuation of a company's equity share, the same is benchmarked against an appropriate peer set or index.

ICRA Equity Research reports are aimed at benefiting all categories of investors, including retail investors and especially those with a longer term investment horizon.
