BUSINESS OPERATIONS

"Current Scenario"

Over the year it is being seen that the recession period for IT industry is on its retreat, thus, the Company is expecting that scars of the bad phase will now be wiped off through sincere efforts of the dedicated personnel of your Company.

The Loss incurred by the Company during its lean period was due to blockage of huge chunk of money in Delhi government, for which we are now hopeful, that at least a position of the sum due would be released in near future. During the year the Company earned cash profit (before tax) of Rs.178.37.

To facilitate pulling out of the “red”, your Company has not only maintained a healthy profile in servicing the contracts of computer education in Govt. schools and colleges of Rajasthan but has also been able to renew the prestigious contract of computer education in the Govt. Colleges of Madhya Pradesh for one year.

The computer education and training project in the Govt schools of NCT, CEP-I and II has been completed

“Future Plan”

The Company is trying to strengthen its leadership position in IT Training within India. For this the franchise business, which was once a core area of operation of your Company in the early nineties, has again been revived and we have already begun to “sign in” a fair number new franchisees within a very short time. The endeavor in this area is, to create a network first by charging reasonably low franchise fee and then enhance values once the culture and awareness is sustained and of course increase the service inputs to them.

With respect to new business, all our efforts are being made to make ingress into new areas as stated earlier and you can certainly look forward, hopefully to a better tomorrow.

“Financial Performance”

During the year commencing from 1st April 2004 till 31st March 2005, the Company has recorded a Total Revenue of Rs. 1231.75 Lacs as against the total revenue of Rs. 1274.62 Lacs during the previous year.

Although the total revenues of the Company during the year has shown marginal decline of 3.36% but the Company’s Bottom Line has shown substantial improvement consequently the Company has suffered meager Loss of Rs. 60.48 Lacs against loss of Rs. 760.47 Lacs during the previous year.

The Company during the year has concentrated to become a Debt free Company and in its endeavor have settled a Loan Account with Oriental Bank of Commerce (erstwhile Global Trust Bank). The Company is presently negotiating with Central Bank of India and hopefully will settle its Loan Account by 2nd Quarter of 2005-06.

Your Company in the past Three years have suffered huge losses on account of several factors including recession in IT Education, however, due to its strong brand equity and commitment of its existing promoters, the Company is able to pass this bad phase.

DIVIDEND

As the Company has suffered loss during the financial Year 2004-2005 . Your Directors do not recommend any dividend.
