DIVIDEND :

Your Directors do not recommend declaration of any dividend for the year ended 31st March, 2010 in view of the loss borne by your Company.

OPERATIONS :

The year under review has witnessed many challenges and difficulties for the operations of the Company because of various factors, broadly summarized as under:-

1. The Solvent Extractions Plant operations were adversely affected due to large disparity in processing of seeds and oilcakes, which has practically resulted in negligible exports of Deoiled Cake Meal.
2. Bumper crops in USA, Brazil and Argentina has resulted in surplus production of Soya Seeds in international market, which in turn has lowered all types of the Deoiled Cakes prices in overseas market coupled with massive surplus production, resulting in non-viable pricing for exports from India.
3. Heavy import of refined edible oil and raw edible oil with nil import duty in the domestic market, resulted unremunerative operations for solvent extraction industry.
4. Shortages in domestic market particularly of groundnuts because of un-even pattern of monsoon and climatic changes has adversely affected the core activity of the company of the groundnut oil extraction.

All the above factors resulting in very low capacity utilization and thereby increased cost of operations has resulted in negative margin for the solvent extraction business operations.

The Company was able to process only 24789 MT. of Solvent Extractions against 36253 MT. in the previous year.

As informed in the earlier Directors' Report, fortunately the multi product oil refinery has been commissioned in May, 2009 with trial runs and the functioning of the refinery has been stabilized successfully during the last quarter.

The refinery was installed with a view to increase and diversify the business strength in the edible oil market by capitalizing on the Company's reputed and established brand "DIAMOND".

The Company has successfully entered into the market with Refined Cotton Seed Oil and Refined Soya Oil, besides the traditional solvent extracted groundnut oil and refined groundnut expeller oil.

The stabilization and consistent operations of refinery will broaden the business operations of the company and reduce the dependence of solvent extractions operations over a period.

In addition, the company has diversified its business operations by entering into a trading activity in the chemicals and commodities, which has also supported operations of the company.

During the year, the Company has refined 4543 MT of different edible oils as compared to 2417 MT in the previous year, resulting in almost doubling the quantity.

Due to refinery activity and trading activity, the company has achieved a turnover of Rs. 80.40 Crore as against Rs. 69.86 Crore in the previous year, thereby registering a growth of 15% in spite of very low solvent extraction business.

The Company has incurred loss before interest and depreciation of Rs. 21.10 lacs as profit against for previous year of Rs. 37.06 lacs. The fall is mainly because of lower refinery utilization upto December, 2009 as well as minimum operation of solvent extractions plant due to adverse market factors as mentioned above.

The loss for the year is recorded at Rs.306.75 lacs as against Rs. 136.89 lacs for the previous year. The loss was higher because of higher interest and financial charges of Rs. 217.80 lacs as against Rs. 146.58 lacs on account of Term Loan interest on the newly commenced refinery besides higher utilization of working capital limits due to liquidity constrain.

PROSPECTS :

The operations of the new refinery has been stabilized and the company has successfully captured a significant share in the local Refined Cotton Oil market in the Jamnagar district. The company is in the process of introducing different edible oil like Soya, Rapeseed, Palm etc. in the market as well in a phased manner under its established brand name with a view to broaden product mix and also for better margins. The full focus is on producing, marketing, distributing and selling Refined Edible Oils which will facilitate the Company to hedge its existing business of solvent extractions. In addition, the company has also started trading activity and is exploring new possibility for trading into commodities and chemicals.

INDIAN EXTRACTIONS LIMITED

Also forecast for satisfactory monsoon will benefit the company due to possibility of higher availability of oil seed crop in to optimize a coming season which in then facilitate solvent extractions plant.

The management has also implemented various cost cutting, control and saving measure, which will benefit the company in a long run. Further, the bank has approved reduction of interest, a concession given as per Agro processing unit scheme introduced in September 2009 which will benefit by way of saving significantly the finance cost. The Company is also discussing for reorganization of it's banking facilities for cost reduction and improvement in liquidity.

Also with a view to improve the liquidity, the company has activated the process for sale of its vacant surplus land adm. 70000 Sq. Ft. to Mr. Priyam S. Jhaveri - Jt. Managing Director and Promoter in terms of approval of its Board of Directors and the proceeds of the same will be deployed to improve the liquidity position of the company for better business operations.

Considering the long standing experience of the Promoters and Management in the Solvent Extractions and Edible Oil Industry together with various measures taken by them, the Board of Directors bearing unforeseen circumstances are confident to improve business operations and performance of the company in years to come.

DIRECTORATE :

Shri Asit D. Javeri and Shri Amit B. Shah retire at the ensuing Annual General Meeting. Being eligible, offer themselves, for reappointment as Directors. Your Directors recommend their reappointment.

- iii) the Directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of Companies Act, 1956 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities to the best of their knowledge and ability;
- iv) the Directors have prepared the Annual Accounts on a "Going Concern" basis.

EXPLANATION ON AUDITORS REPORT

The notes to the accounts referred to in the Auditors Report as self explanatory and therefore do not call for any further comments.

With regards to qualification in the auditors report, the board of directors would like to comment that the Company has entered into a definite contract for sale of special quality of groundnut extraction with various parties. Due to various factors the parties had requested the Company for taking deliveries of the goods under said contract on a piecemeal basis over a period of time. Since the significant amount of contract value has been already received and the parties have confirmed to lift material in due course and material is ready for delivery with the company but was held as stock on the specific request of respective parties, the management is of the view that there is no uncertainty is involved in such transactions and accordingly has valued the specific quality of groundnut extraction stock under said contract at realizable market value which is not in accordance with Accounting Standard 2 "Valuation of Inventories". However, considering the nature of transaction, definite sales contract and factual position the management and the board of directors is of the opinion to value such stock at a fair realizable market value for proper presentation of the financial statement for the year ended on 31st March 2010.

AUDITORS :

The terms of Office of present auditor Deloitte Haskins & Seller are upto ensuing Annual General Meeting of the Company, vide their letter dated May 28, 2010 they have expressed their unwillingness to be reappointed at the ensuing annual General Meeting. The Board of Directors of the company has received notice form one of the member requesting for appointment M/s. Thingna & Contractor, Chartered Accountants as statutory auditors of the Company. The board recommends and propose the appoint M/s. Thingna & Contractor, Chartered Accounts as statutory auditors of the Company.

ACKNOWLEDGEMENT :

Your Directors wish to place on record their appreciation for the continued support received from shareholders, depositors and bankers of the Company. The Directors also wish to record their appreciation of the employees at all levels for their unstinted efforts and contribution to the growth of the Company.

For and on behalf of the Board
