EXPLANATORY STATEMENT AS REQUIRED UNDER SECTION 173(2) OF THE COMPANIES ACT, 1956**Item no. 4**

Company is a 17 year old company listed with BSE. Since the trading volume of the company's shares is very thin, in order to increase the liquidity of the company's shares, the Board of Directors of your company proposes the sub-division of face value of the company's share by creating 2 (two) equity shares of Rs.5/- each instead of 1(one) equity shares of Rs.10/- each, Thus creating more liquidity of the company's shares in the stock exchange.

The proposed alteration also requires alteration in the Articles in the Clause –V of the Memorandum of Association. Therefore the Board of Directors placed Resolution for approval of the shareholder as ordinary resolution.

Item No. 5

Mr. Shri Kishan Gupta was co-opted on the Board of Directors of the Company as an Additional director to hold office until the date of ensuing annual general meeting. The Board is proposing to appoint him as an ordinary director in the ensuing AGM. Accordingly, the Resolution is placed before the members for their consideration and approval. The Board recommends the proposed resolution for adoption in the larger interest of the Company.

None of the directors except Mr Shri Kishan Gupta is interested and concerned in the proposed resolution.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT**INDUSTRY STRUCTURE AND BUSINESS DEVELOPMENTS**

The business of the Company is that of a Non Banking Finance Company (NBFC). NBFC's have become an integral part India's financial system. In recent times, NBFC's have emerged as lenders to both companies and individuals. When it comes to lending, NBFCs are generally regarded to be complementary to banks and are often able to offer better services and products to their customers.

Inspite of strong competition faced by the NBFC's, the inner strength of NBFC's viz local knowledge, credit appraisal skill, well trained collection machinery, close monitoring of borrowers and personalized attention to each client, are catering to the needs of small and medium enterprises in the rural and semi urban areas.

THE ECONOMIC SENARIO

The Indian economy has registered a growth of 7.4 per cent in 2009-10, with 8.6 per cent year-on-year (y-o-y) growth in its fourth quarter. The growth is driven by robust performance of the manufacturing sector on the back of government and consumer spending. GDP growth rate of 7.4 per cent in 2009-10 has exceeded the government forecast of 7.2 per cent for the full year. According to government data, the manufacturing sector witnessed a growth of 16.3 per cent in January-March 2010, from a year earlier.

"Currently, the RBI classifies NBFCs under three categories— asset finance companies, loan companies and investment companies. It has now been decided to introduce a fourth category of NBFCs as infrastructure finance companies (IFCs)," RBI said.

To be categorized as an NBFC the IFC should have a net worth of about Rs300crore, capital adequacy ratio of 15% and a minimum credit rating of 'A' or equivalent from accredited rating agencies.

The central bank has also permitted these NBFCs to exceed the concentration of credit norms in lending and investment. According to the RBI guidelines no financial institution can lend in excess of 10% of its net owned funds to any single borrower and in excess of 15% of its net owned funds to any single group of borrowers.

BUSINESS OUTLOOK

While the outlook for the Indian economy continues to remain positive, the growth trajectory is likely to moderate. In 2009, Indian inflation stood at 11.49% Y-o-Y. This rate reflects the general increase in prices, taking into account the purchasing power of the common man. With inflation hovering around this mark, liquidity is likely to be constrained and interest rates are unlikely to ease. Thus the opportunities for the NBFC are increasing and the growth prospects in this sector are also on a boom. Your Company's strategy, as in the past, will be to focus on profitable growth, leveraging its intimate knowledge of the market and customer relationships that have been built on a strong foundation of personalized service.

SEGMENT – WISE OR PRODUCT WISE PERFORMANCE

As per the requirement of the Corporate Governance, companies are required to show their performance as per segment wise but company operates only in one segment; hence segment wise performance is not applicable.

INTERNAL CONTROL SYSTEMS

In the opinion of the management, the internal control systems are adequate and provide, among other things, reasonable assurance of recording transactions of operations in all material respects and of providing protection against significant misuse or loss of Company assets. Teams of auditors conduct internal audits to assess the adequacy of the internal control procedures and processes of the Company. Policy and process corrections are undertaken based on input from these auditors. Reports of the internal auditors, as well as the action taken on the matters reported upon, are discussed at the Audit Committee Meetings.

The Audit Committee regularly reviews the audit findings as well as the adequacy and effectiveness of the internal control measures. Additionally, an Information Security Assurance Service is also provided by independent qualified professionals. Based on their recommendations, the Company has implemented a number of control measures both in operational and accounting related areas, apart from security related measures.

HUMAN RESOURCES

Your Company continues to lay great stress on its most valuable resource - people. Continuous training, both on the job and in an academic setting, is a critical input to ensure that employees at all levels are fully equipped to deliver a wide variety of products and services to the rapidly growing customer base of your Company. With this end in view, the Company has undertaken a number of training initiatives covering junior and middle level managers, as well as Leadership Development Programmes for those in managerial roles.

RISK MANAGEMENT

Over the years, your Company has achieved an appropriate balance between risk and returns by setting up an efficient risk mitigation system to meet various forms of financial and other risks. The primary risks that the company is exposed to are, credit risk, market risk and operational risk and your company takes suitable measures towards them as per necessary.

OPPORTUNITIES & THREATS

Opportunities in the Financial Sector are fast growing with the growing economy the requirement for finances never dies. No matter what sector but with such a booming economy like India various demand for finance rises, it is very important that proper strategy is and planning should be done in order to utilize the opportunities efficiently. To maintain such a growth for a long term the inflation has to come down further. The NBFC's are under threat with respect to various activities such as Money Laundering, the changes in the policies of the Banking sector affects NBFC's as well, even the chances of falling into Bad Debts are a huge problem faced by NBFCs, the changes in the rules and regulations and policies of the interest rates also works as a threat for this sector, thus your company has to work on the safer side by trying to make it organized and untidily, their should be quality oriented work to give a better and secure output.

CAUTIONARY STATEMENT

Statement in the management discussion and analysis describing the company objective projection and estimates may be forward looking statement with the meaning of applicable securities laws and regulation. Actual result could differ materially from those expressed or implied.

REPORT ON CORPORATE GOVERNANCE

The objective of Corporate Governance is "Enhancement of long term shareholders value and ensuring the protection of rights of the shareholders" and your company reiterates its commitment to good Corporate Governance.

COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE :

The Company policy on Corporate Governance is attainment of the highest levels of transparency, accountability and equity in all facets of its operations. Good Corporate Governance therefore, embodies both enterprise (performance) and accountability (conformance).

BOARD OF DIRECTORS :

The Board provides leadership and strategic guidance, objectively reviews management decisions and exercises control over the company. Your company is maintaining the independence of the board and company has the independent and Non-Executive directors. As on date of this report, the board of directors of the company consists of five members, in whom all Directors are Non - Executive; out of them Four are independent Directors.

The Board meeting held in every quarter to review the financial results and discuss other issues. Besides of the quarter, board meeting also held whenever required. To conduct a board meeting the directors are informed by giving a notice in advance and the agenda of board meeting also dispatch with the notice. The members of board also discuss each agenda in the meeting and take discussion after make a proper discussion and getting all members views. The board members are free to give their suggestions on any agenda item and can also submit their view for improving the performance of company.
