### EXPLANATORY STATEMENT

As required by Section 173 of the Companies Act, 1956

#### Item No.6 :

Pursuant to the provision of Section 228 of the Companies Act, 1956, the accounts of the Branches of the Company may be audited otherwise than by Company's Statutory Auditors, provided the Company in General Meeting authorise the Board of Directors to appoint such person or persons who are qualified for appointment as Branch Auditors of the Company under Section 226 and/or 228 of the Companies Act, 1956 for auditing accounts of the Company's Branches.

In the Annual General Meeting held on 27th July, 2009, the Members had appointed M/s. Brahmayya & Co., Chartered Accountants as Branch Auditors for the State of Andhra Pradesh u/s 228 of the Companies Act, 1956 for the financial year 2009-10.

The Board of Directors in their meeting held on 26th May, 2010 has recommended the re-appointment of M/s. Brahmayya & Co., Chartered Accountants, having their office at Flat No.403 & 404, Golden Apartments, Irrum Manzil Colony, Somajiguda, Hyderabad – 500 082 to carry out the Branch Audit in the State of Andhra Pradesh for the financial year 2010-11 commencing from 1st April, 2010 at a remuneration to be decided by the Board of Directors in consultation with Branch Auditors plus out of pocket expenses as may be incurred by them. The Branch Auditors will carry out the Branch Audit, Limited Review, Tax Audit and prepare a report on examination of the accounts of the Company's Factories, Projects and Project Offices in the State of Andhra Pradesh and forward their report to the Company's Statutory Auditor, who shall in preparing the Auditors' Report, deal with the same in such manner as they may consider fit and proper.

Further the Members consent is also sought for appointment of Branch Auditors u/s 226 and/or 228 of the Companies Act, 1956, in other State(s), if required, on such terms & conditions, as the Board of Directors may deem fit.

None of the Directors of the Company is concerned or interested in this Resolution.

Your Directors recommend the above resolution at item No.6 for your approval.

#### Item No.7 & 8 :

Presently the authorised share capital of the Company is Rs.10,00,00,000/- (Rupees Ten Crores only) comprising of 1,00,00,000 (One Crore) equity shares of Rs.10/- each. The paid-up share capital is Rs.4,84,47,170 (Rupees Four Crores Eighty Four Lacs Forty Seven Thousand One Hundred Seventy only) comprising of 48,44,717 equity shares of Rs.10/- each. After sub-division of equity shares, there will be 2,42,23,585 (Two Crores Forty Two Lacs Twenty Three Thousand Five Hundred Eighty Five) equity shares of Rs.2/- each fully paid-up. The paid-up share capital will remain unchanged. With a view to increase the liquidity of the shares in the stock market and to make it more affordable to the investors at large and also to have better comparability with share prices of other companies, the Board has decided to sub-divide the nominal face value of existing one equity share of Rs.10/- into five equity shares of Rs.2/- each fully paid-up.

Consequent to the sub-division of shares, it is necessary to alter the Capital clause of the Memorandum and Articles of Association of the Company. The special resolution at Item No.7 and Item No.8 seek to make corresponding amendments in Clause V of the Memorandum of Association and Article No. 6 of the Articles of Association of the Company respectively to give effect to the above resolutions.

The Company will fix a Record Date for sub-division of shares. Shareholders holding shares in electronic form will receive sub-divided shares in electronic form (Demat mode) and those holding shares in physical form will receive sub-divided shares by way of physical share certificates against their holdings as of the record date. The Company's shares are tradable only in the demat mode.

The sub-division of equity shares is expected to result in overall benefits of creating more liquidity and broad basing of small investors.

The Directors of the Company may be deemed to be interested in the proposed resolutions to the extent of their entitlement to the sub-divided shares on their respective shareholding, if any, in the Company and shareholding in the Company of their relatives and/ or concerns, companies/bodies corporate in which they may be interested, directly or indirectly, either as a shareholder and/or as a director and/or otherwise.

Memorandum and Articles of Association of the Company is available for inspection to the Members at the Registered Office of the Company between 11.00 a. m. to 1.00 p.m. on any working day up to 29th July, 2010.

Your Directors recommend the above resolutions at item No.7 & 8 for your approval.

By Order of the Board of Directors,

**S. M. Mandke**  
Company Secretary

# MANAGEMENT DISCUSSION AND ANALYSIS REPORT

## 1. INDUSTRY STRUCTURE & DEVELOPMENT:

We all know that water is a prime natural resource and a basic human need for survival and existence. Indeed water is fundamental to our life. In view of the vital importance of water for human, animal & plant life, for maintaining ecological balance and for economic and developmental activities of all kinds and considering its increasing scarcity, the planning and management of this resource and its optimal economical and equitable use has become a matter of national importance.

Your Company has been in the business of manufacturing, laying and jointing of pipelines of various pipe materials such as RCC pipes, Steel pipes, Prestressed Concrete pipes, Penstock pipes, Bar Wrapped Steel Cylinder pipes (BWSC), Prestressed Concrete Cylinder pipes (PCCP) etc., which provide infrastructure facility and development for drinking water supply projects, irrigation projects, Hydro Electric Projects, Sanitation and Sewerage Systems. For over a decade as a part of nation building, your Company has also been undertaking infrastructure development programmes by way of executing on turnkey basis the combined water supply projects i.e. undertaking the complete job of water supply from source to distribution centers which apart from manufacturing, laying and jointing of pipelines included construction of intake wells, water sumps, water treatment plants, water pumping stations, installation of pumping machineries, electro-mechanical works, branch mains, ground level reservoirs, elevated reservoirs, leading to executions of complete systems for water supply to various towns and villages of India.

## 2. OPPORTUNITIES AND THREAT:

The population of the country is expected to reach a level of around 139 Crores by year 2025 (Source :- National Water Policy 2002) which will further aggravate the scarcity of water to the people of India. As it is with the growing population demanding more food, more products and higher standards of living, the shortage of drinking water can only get worse. Thus there is a vast scope for improvement in Infrastructural developmental activities in water supply, drainage schemes and sewerage schemes in sanitation segments leading to good scope for Company's manufacturing & contracting activities in this field.

Growth of population and the expansion of economic activities inevitably lead to increasing demands for water for diverse purposes i.e. domestic, industrial, agricultural, hydro-power, thermal power, navigation, recreation etc. Domestic and Industrial water needs have been largely concentrated in or around major cities, however the demand in rural areas is expected to increase sharply as the development programmes of State Governments improve the economic conditions of the rural mass. Demand for water for hydro and thermal power generation and for other industrial uses is also increasing substantially. As a result water which is already scarce will become even scarier in future. This underscores the need for the utmost efficiency in water utilisation and its distribution. Through awareness of efficient water supply system and water quality, we can keep our water supply adequate and provide clean & healthy water for our children. It is their fundamental right. Hence there is a good scope for many water supply projects coming up in near future and this auger well for your Company.

Increased competition from medium/large scale construction entities and availability of substitutes such as alternative pipe materials

like ductile iron pipes, spirally welded steel pipes, G.R.P. and H.D.P.E. pipes are perceived as one of the threat / competition to your Company. Another cause is prices of key raw materials namely steel, steel wires, HT wires and cement, which has remained volatile and uncertain for last two years.

## 3. SEGMENT-WISE ACTIVITY:

The Company is considered a pioneer in the field of water industry, it is in this line for last more than 83 years. The Company's presence is there in almost all water supply related activities, viz. Urban & Rural Water Supply, Penstock for Hydro Power Generation, Tunnel Lining, Large diameter Irrigation pipelines, Head Works including pumping machinery, Treatment Plants, Overhead Tanks and other allied Civil Construction. The Company also supplies Concrete Railway sleepers to Indian Railways. The segment wise report is as under:

### (C) Bar Wrapped Steel Cylinder (BWSC) Pipes:

The BWSC pipes introduced by the Company as an alternative pipe material to M. S. and D.I. pipe has become popular amongst various Government authorities. The Company has undertaken / undertaking several projects involving BWSC pipes. To meet the demand of BWSC pipes, the Company had specially set up a new manufacturing plant at Choutuppal in Andhra Pradesh in the year 2005 and this plant is running continuously with better productivity yields. During the year under review, this plant had produced 115 Kms of BWSC pipes valued at Rs.5,575.35 Lacs. During the year under review the Company as a whole produced BWSC pipes valued at Rs.12,560 Lacs as against Rs.12,178 Lacs last year.

During the year the Company has received orders worth Rs.25,861 Lacs for BWSC pipes along with other civil works. The Company has commissioned another plant in March, 2009 at Chillamathur in Andhra Pradesh to manufacture BWSC pipes for catering to increased demand for these pipes.

### (D) National Rifle Division:

The National Rifle Division, at Ahmedabad had introduced two new models last year namely 0.177 "Compressed Air Rifle" and 0.177 "Compressed Air Pistol" to enable shooters to acquire efficiency in target shooting and gain recognition in the State, National and International shooting competitions. The Company proudly announces the success of 0.177 Compressed Air Rifle in the Interstate level competition held in October, 2009 at Asansol, West Bengal wherein 2 participants among 250 eligible shooters who used this new model in the competition have won Gold and Silver medal by scoring 360 / 400 marks and 354 / 400 marks respectively. Both the above shooters had broken old record of 353/400 marks recorded during G. V. Mavlinkar Shooting Championship 2002. The Company is already manufacturing 8 types of air rifles and air pistols for last more than 21 years which are marketed by our reputed Distributors all over India.

### 4. Outlook:

With the recent Budget focus on infrastructure development, the States and Central Government are giving more emphasis on infrastructure development in the country. Water supply has always been a very important infrastructure activity for any populous location.

For urban & rural water supply projects the main customers have always been Public Health Engineering Department and Panchayat Raj Engineering Department of various State Governments, Corporations, Municipalities, Water & Sewerage Boards, etc. There is huge potential for water supply, sewerage disposal, head works, treatment plants etc. In urban areas about over 40% of the population does not have access to drinking water while in rural area about over 60-65% of the population does not have access to drinking water.

Considering the above factors, outlook for the Company in the water supply, drainage and sewerage segments are encouraging and good.

### 5. Risks & Concerns:

The Company's activities and prospects largely depend on the implementation of various water supply related projects undertaken by various States / Central Government Agencies. The Company is doing the business with various State Governments and it depends upon their policy on approval of finance and allocation of funds as well as their ability to raise funds to undertake such water supply

## MANAGEMENT DISCUSSION AND ANALYSIS REPORT

projects amongst various infrastructure related projects being implemented by them. Adverse changes and lack of funds delays the works resulting in higher cost and can also affect the business prospects of the Industry and the Company. Severe competition from the manufacturers of alternative pipes like Ductile Iron, Glassfibre Reinforced Plastic, PVC, H. D. P. E. and Spirally Welded Steel pipes is existing and can affect Company's business prospects.

In the last quarter of the year under review, the prices of one of the key raw material used by the Company i.e. steel increased. However the prices of cement during the year under review declined.

Volatility in the prices of key raw materials especially steel has become a major area of concern for your Company.

### 6. Internal Control Systems:

The Company has adequate internal control procedures commensurate with its size and nature of business that ensures control over various functions of the organisation. The internal control system provides for guidelines, authorisation and approval procedures.

The internal audit reports, post audit reviews are carried out to ensure compliance with the Company's policies and procedures.

### 7. Financial Performance with respect to Operational Performance:

The profit before tax & before prior year's charge is Rs.5,060.54 Lacs as against Rs.3,341.36 Lacs achieved last year. The order book position as on 31st March, 2010 is Rs.1,31,528.89 Lacs as compared to Rs.1,49,851.59 Lacs in the previous year.

### 8. Human Resources and Industrial Relations:

The Company has total strength of 1711 employees as on 31st March, 2010 working at various locations such as Factories / Projects / Head Office and Research & Development Department.

The management has successfully negotiated and settled the demands of workmen working at its factories at Kekri, Yelhanka, Kanhan, Choutuppal and Pattancheru.

The Company had conducted training programmes to create awareness about importance of industrial safety measures at work places at various factories viz. Hyderabad, Pattancheru, Choutuppal, Kovvur, Chillamathur, Yelhanka, Rajkot and Kekri.

The industrial relations with the workmen at various units of the Company by and large remained peaceful and normal.

### 9. Corporate Social Responsibility:

In keeping with the noble and rich tradition of charity inculcated by our founder Late Seth Walchand Hirachand an Industrialist and a Legendary, Visionary and Philanthropist of his era, the Company had donated monies to Walchand Foundation and Ratanchand Foundation promoted and sponsored by the Promoters of the Company, for carrying out charitable activities such as Educational Grant to needy students and Institutions, Medical Aid to the patients as well as to the Hospitals / Charitable Trusts and donation of costly medical equipments to the municipal hospitals.

During the financial year under review, the Company had donated Rs.50 Lacs to Walchand Foundation and Ratanchand Foundation, as a corpus donation.

Some part of the income earned out of the corpus donation made by the Company in the past as well as this year was applied for payment of Educational Grants to 39 students and 3 Institutions and Medical

Aid to needy patients and Institutions / Hospitals by Ratanchand Foundation. Further the Foundation is funding the salary of the nurse working in Human Milk Bank in Lokmanya Tilak Municipal Medical College & General Hospital, Sion, Mumbai.

During the year Ratanchand Foundation had donated Rs.5 Lacs to the Balwantrai Mehta Panchaytiraj Jagruti Kendra, Kushtarog Niwaran Samiti, Shantivan, Panvel, which is running a residential tribal school having 565 students. This donation will be utilized for its Language Laboratory project for adivasi students to improve communication skills for upliftment of villagers steeped in poverty, ignorance, blind beliefs and bring them at par with educated citizens.
