*Dear shareholders,*

*My Word*

As on today, with a great measure of pride, we see our country rise up to the ranks of the powers in the global economy. We have grabbed the world's attention and imagination. For the third consecutive year, our GDP has recorded a near 8 per cent growth which is amongst the fastest in the world. To sustain the current growth rate and to push it closer to double digit level at the earliest the Government seems committed to an aggressive agenda of economic reforms. While economical reforms provide a strong structural foundation for future growth, these are undeniably instrumental to substantive productivity improvements and in creating an overall positive mindset.

Concrete steps in economy have reflected in high turnover and strong order book of your company in manufacturing division resulting into one of the best financial performance of your company since its inception.

Cost reduction, better cash management, quality improvement, reducing delivery time, reduction in development time for new products; have been amongst the major points of focus in the company's performance. If the Company is to achieve its higher longer term goals, it is essential that it produces and sells world-class quality products and provides best services along with customer support of a much higher order.

You are well aware that ITL is an established leading metal cutting solution provider offering wide range of machines tools & cutting lubricants. Your Company has developed and manufactured India's first high speed CNC circular sawing machine last year and the same have been very well accepted by the market. We are very optimistic about the success of this product based on the current enquiries & orders.

Enthusied by fast developments in economy as well as by inflow of inquiries & orders from domestic & export markets, your company undertook the expansion and modernization worth Rs.250 lacs in the previous year keeping in view the need of improvement in product quality, reduction in delivery time & anticipated rise in turnover. I am pleased to inform that the same is almost completed by now. In addition to the above your company has acquired the land in the SEZ in Pithampur for meeting the global opportunities.

The company's present turnover along with the pending orders has already surpassed the last year's total sales turnover. Here, I would like to emphasize that the order book not only quantitatively but qualitatively too is much better which makes us confident, barring unforeseen circumstances, that the company is likely to end the current financial year with excellent result ever produced.

We remain committed to improve Shareholder's value and towards this end we are consciously looking for opportunities and upgrading the infrastructure befitting to the same.

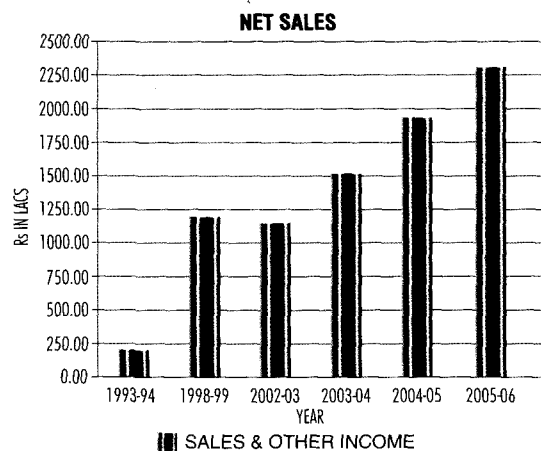

The support of our shareholders, customers, business associates and financial institutions has always been a source of strength to us and we thank all of them wholeheartedly for remaining integral part of our growth story. I also wish to thank all the employees for their devoted efforts in bringing the company to the level we are today.

Thanking you,

**RAJENDRA SINGH JAIN**  
Chairman & Managing Director
