II. PERFORMANCE FOR THE YEAR :

During the year the Company achieved revenue of Rs. 64.85 Crores, as against Rs 57.77 Crores during the previous year.

The profitability of Company's Foundry Division was affected in the first half of the year due to astronomical increase in the prices of major raw materials, mainly phenol. However, the second half of the year witnessed the opposite trend that brought down sales values and also affected profitability on account of carry over of higher costs production. Despite this the Foundry Chemical Division made profit before tax of Rs. 360 Lakhs.(previous year Rs. 548 Lakhs) The overall profit before tax is Rs. 147 lakhs after adjustments.

During the year, the net profit after taxation is Rs. 122 Lacs, in comparison to Rs. 367 Lacs in the previous year, which included exceptional items of Rs.141 lakhs.

Keeping in mind the overall performance of the Company for the year, the Directors have recommended a tax free dividend at the rate of 10% or Re. 1/- per share for the year.

III. INSURANCE :

All fixed assets of the Company are adequately insured.

IV. FIXED DEPOSITS :

The Company does not have any deposits to which provisions of section 58A of the Companies Act, 1956, read with Companies (Acceptance of Deposits) Rules, 1975 apply.

V. CORPORATE GOVERNANCE :

Pursuant to clause 49 of the Listing Agreement with Stock Exchanges a Compliance Report on Corporate Governance is annexed as part of the Annual Report.

The Company is in the process of changing the composition of its Board of Directors and Audit Committee vis-à-vis independent Directors to implement the amendment brought about by SEBI circular dated 23.10.2008. Due to unavoidable circumstances the change could not be implemented before 31.03.2009 as per the requirement of the said circular.

VI. DIRECTORATE :

In accordance with the Articles of Association of the Company, Mr. Shiraz A R Allana and Mr. T.K. Gowrishankar retire by rotation and being eligible offer themselves for re-appointment.

VII. STAFF :

The following members of the staff and workers have retired during the year under review after long and loyal service with the Company.

MANAGEMENT DISCUSSION AND ANALYSIS

The gross sales of the Company for the year under review is Rs. 72.50 crores as compared to Rs.65.12crores in the previous year. The Company has made profit after tax of Rs. 1.22 crores as compared to Rs.3.67 crores (includes an exceptional item of income amounting to Rs 1.41 crores.) in the previous year.

The Foundry Chemicals Division is now the main business segment of the Company. Due to concerted management efforts at wider market penetration, cost control and improved realisation, this Division has shown improvement in the turnover and it is expected that in the coming years also, it will continue to show improved turnover and profitability as the industries to which it caters are showing positive growth figures. The management is hopeful that the present situation of industrial recession will be a temporary phase, which is expected to end soon. The turnover of this Division was at Rs 72.50 crores during 2008-2009 as against Rs 63.11crores in the previous year.

However, during the first half of 2008-09, there was steep and unprecedented rise in prices of basic raw materials mainly, phenol that badly affected margins as the effect of cost increase could not be immediately converted into price increases. The second half of the year saw the reverse trend of unprecedented reduction in prices of these raw materials, which towards the end of the year have stabilised somewhat. This has reduced the value of turnover in the second half to Rs. 27.85 crores as against Rs. 44.65 crores in the first half of the year.

The management is constantly taking effective steps at reorganizing and restructuring the business of the Company so as to ensure better overall results. The Company is wholeheartedly concentrating on the Foundry Chemicals business, which management believes, offers an opportunity in terms of higher sales and profitability. However, this business also faces the threat of local and international competition, as well as fluctuations in prices of petroleum based raw materials as already seen in the year under review.

The Company has an internal audit system, which covers all areas of the Company's operations and plays an important role in ensuring a proper internal control system. The management is aware of the importance of internal controls and steps are continuously taken to upgrade their systems.

The Company's exposure to foreign exchange is now limited to the import of certain raw materials and certain capital goods and for which adequate cover is taken to provide against exchange rate fluctuations.
