**SALES AND OTHER INCOME**

Your Company has achieved an income, comprising sales and other income of Rs. 7072.74 lakhs during the year under review compared to Rs. 6745.62 lakhs in the previous year. The profit before tax for the current year has however declined to Rs. 11.52 lakhs from Rs. 148.62 lakhs of the previous year.

The overall operations of the Company have been affected due to high operating cost on account of under utilization of capacity in Lighting Division due to cheap imports from overseas market and also due to financial liquidity problem in the market. However, your Directors are making all efforts to control and reduce the operating cost and improve the market share and confident of improving the sales realization/profitability in order to further improve the bottom line.

**OPERATING ENVIRONMENT AND PERFORMANCE****Switchgear Division**

During the current year 2001-2002 the overall electrical industry showed a downward trend, which is reflected in the sales and margin. However, your Company has been able to sustain a marginal growth in the sales and margins favourably. The Switchgear Division has achieved a turnover of Rs. 5931 lakhs in the year 2001-2002 as against Rs. 5720 lakhs for the corresponding previous year. However, your Directors would try to improve the situation through cost effective policy of the Company thereby improving the operational efficiency with additional support of export market and new products.

**CFL Division**

The CFL Division has achieved a turnover of Rs. 1139 lakhs in the year 2001-2002 as against Rs. 1023 lakhs for the corresponding previous year. CFL Division of the Company has been largely affected by dumping of very large volumes of CFLs into India by China and other countries during the last two financial years i.e. 2000-01 and 2001-02 and sustained losses due to drastic cut in the turnover volume in these years.

There has also been severe price erosion due to dumping of CFLs into India. The Government of India has restricted the dumping of Chinese and Hong Kong CFLs by imposition of Anti-dumping duty on Chinese and Hong Kong CFLs based on petition of the domestic CFL industry.

Your Company has been making persistent efforts to turnaround its operations, which include cost cutting measures, achieve larger sales volume and improved efficiency and productivity.

The above efforts of the Company are yielding good results and the Company expects to increase its sales volume and regain its lost market share in future. Your Directors, therefore, looks forward for better operating results in the near future.

**DIVIDEND**

Constrained by financial results coupled with funds requirement, your Directors do not recommend Dividend on equity share capital as well as preference share capital of the Company for the year ended 31st March 2002.

**DIRECTORS**

Sh. P.K. Ranade, Sh. Vinay Mahendru, Directors of the Company are retiring by rotation at the ensuing Annual General Meeting and being eligible, offer themselves for re-appointment.

**FUTURE OUTLOOK**

Power has been accorded a "priority status" by the Govt. of India and conservation and efficient use of energy is one of the major thrust areas, keeping in view the need to bridge the gap between the demand and availability of energy. The increasing energy transmission requires protection, capable of clearing faults where several thousands of MW of energy is being transmitted by various inter connected power stations. Fault clearing rating of circuit breakers and their reliability are assuming progressively greater importance since the economic activity is largely dependent on availability of continuous power supply, isolation of faulty feeders / electrical points and segregating the same assumes greater importance. The backup protection provided by circuit breakers / fuses is very important. Indo Asian offers various ranges of switchgear products to suit the requirement of electrical industry and households. With the current switchgear market size in India estimated to be about Rs. 1500 crores, the future of switchgear industry is very bright.

**FIXED DEPOSITS**

Your Company has no unclaimed/unpaid or overdue deposit, during the year under report.

**DIRECTORS' RESPONSIBILITY STATEMENT**

Pursuant to the requirement under Section 217(2-AA) of the Companies Act, 1956, with respect to Directors' Responsibility Statement, it is hereby confirmed:
