"We believe excellence isn't a rigid benchmark. Rather, it's a constantly evolving, fluid state of sustained value addition to the business model.

In today's global market, the power to transform is vital. And thus, besides a staggering 44% growth in net profits and over 27% growth in revenues, our real achievement in this FY is the successful implementation of change through strategic expansion of our products range, consolidated presence in new markets within India and overseas.

Today, together with our European JV partners - leading global players all, we at Indo Asian are plugged into the changing market dynamics across the globe, redefining excellence to address the emerging needs of tomorrow."

MANAGEMENT DISCUSSION AND ANALYSIS

ELECTRICAL INDUSTRY AND GROWTH FOR INDO ASIAN

Electricity is an essential requirement for all facets of our life. It has been recognized as a basic human need. It is a critical infrastructure on which the socio-economic development of the country depends. India's demand for power has been increasing and outstripping the regular increase in power generation, transmission and distribution. Recognizing that electricity is one of the key drivers for rapid economic growth and poverty alleviation, the nation has set itself the target of providing access to electricity to all households in next five years Power for all by 2012. Hence meeting the target of providing electricity for all by 2012 is a daunting task requiring significant addition to power generation capacity and expansion of the transmission and distribution network. The government has committed investment of Rs. 16000 Crores for this purpose under which it will target electrifying 1,25,000 un-electrified villages and giving access to 7.8 crore uncovered rural households in next five years.

Government's increased investments in the Transmission & Distribution sector on account of the Accelerated Power Development Reforms Programme (APDRP) will, thus creat exponential demand for Power Transmission and Distribution equipment including wide range of Electrical Switchgear and Energy efficient Lighting Equipment - the core products of INDO ASIAN.

The retail electrical industry is divided into two sub segments namely the power distribution equipment segment which includes products such as switchgear, cables, wires and energy meters etc and Consumer durables segments which include energy saving Compact Fluorescent Lamps (CFLs), Fluorescent Tube lights, Light fittings, luminaires Switches etc. The growth of distribution equipment segment is primarily tied up to the growth of the power Industry and growth of Consumer durables is directly linked to infrastructure development, construction projects like housing etc. The growing power sector and boom in construction as well as real estate industry not only in India but world over offer huge opportunities for growth of the Company.

The demand for the products being manufactured by the Company is rising continuously due to the ever increasing use of the power in Industrial, Commercial and Domestic sectors.

Besides, increasing concern of people towards protection of life and increased emphasis on safety in respect of the use of power - in respect of which is the basic USP of the Company's products, has also resulted in a buoyancy in the demand of MCBs and RCCBs which are the major varieties of switch gears used in the household segment.

Strategic customer-centric focus on product quality, technology upgradation, productivity improvement and enhanced value addition to brands has enabled consolidation of INDO ASIAN's leadership and market standing going forward, your

Company is cautiously confident of delivering superior operating performance on the back of improving cost competitiveness driven by expansion benefits, favourable demand conditions in the domestic and overseas markets.

FINANCIAL PERFORMANCE

Your company has recorded 38.76% increase in the profit before tax for the current year to Rs. 1790.45 lakhs from Rs. 1290.36 lakhs of the previous year of the business taken over by the Company after merger. Gross sales and Other Income has been increased to Rs. 15645.36 lakhs during the year under review from Rs. 12280.43 lakhs in the previous year for the same business.

SEGMENT WISE PERFORMANCE

a) Switchgear Division

The Switchgear Division recorded a turnover of Rs.12834.86 lakhs in the year 2005-06 as against Rs.10357.49 lakhs in the corresponding previous year of the switchgear business taken over by the Company after merger. Successful leveraging of deep insights into consumer preferences resulted in introduction of several distinctly differentiated and perceptibly enriched products by Switchgear Division. Your Company's commitment to enhance the competitiveness of the entire value chain to which each of its businesses belongs, is eloquently reflected in the Company's recent entry into Modular switches and wiring accessory business and Wires and cables business. The division has successfully exported switchgear products worth Rs.1858.89 lakhs during the current year as against Rs.680.76 lakhs of the previous year. The products of the company are now widely accepted in the European markets also.

b) Lighting Division:

The Lighting Division recorded a turnover of Rs.2693.16 lakhs in the year 2005-06 as against Rs.1833.85 lakhs in the corresponding previous year of the lighting business comprising of energy efficient CFLs taken over by the Company after merger. The CFL business is set to grow further in the coming years in view of the high priority accorded to the Energy Conservation as per National Electricity Policy of the Government, which emphasizes use of energy efficient lighting products & technologies by industries, commercial and domestic establishments. Your company is also diversifying its present product range by adding Fluorescent Tube Lights and PL lamps. These new products will be manufactured at new state of the art plant being set in the tax free zone in Haridwar, Uttaranchal, which will be commissioned shortly. The division has successfully exported lighting products worth Rs.296.74 lakhs during the current year as against Rs. 272.58 lakhs of the previous year.

EXPANSION OF BUSINESS AND CAPACITIES

Indian Power Sector is witnessing major changes. Growth of Power Sector in India since its independence has been noteworthy. Keeping in view the massive increase planned in power generation capacity over the next five years which offers huge growth opportunity for the Indian electrical market and sharp increase for Indo Asian's products, the Company has taken various initiatives to expand the production capacities.

● Setting up new plants in Uttaranchal

Indo Asian has chalked out an ambitious expansion programme and is setting up three large units for the manufacture of world class switchgears, energy efficient lighting products and wires & cables in the tax free zone in Haridwar, Uttaranchal. The company has already made investments of over Rs. 13 crores in Uttaranchal upto 31st March, 2006 as a part of larger investment outlay for expansion plans which will more than triple the manufacturing capacities of Indo Asian after their implementation. The said plants would be operational by the second quarter of FY 2006-07 and contribute substantially to the turnover and enhance the profitability of the your company during the coming years.

● Expansion of existing facilities for Export Production

The company has further upgraded its state of the art production lines at Noida for the manufacture of MCBs and other Switchgear products to global standards and approvals for the European markets. The company has also set up the facilities for the manufacture of Distribution Boards and Feeder Pillars at its units at Murthal. The existing manufacturing facilities at Jalandhar and Parwanoo have also been upgraded to take the benefits of export opportunities from Europe, U.K and Middle East. This strategic move of the Company will further strengthen the bottom line.

● Expansion in overseas countries

Your Company is also expanding its operations in Middle East and setting up a new electrical lighting equipment facility in Riyadh, Saudi Arabia, in Joint Venture with a leading Saudi company "The National Company For Glass Industries 'Zoujaj'" and "Saudi Offset Ltd. of Saudi Arabia". The JV Company is set up in the name of "Saudi National Lamps & Electrical Company Ltd". The said Joint Venture would further strengthen & enhance the profitability of the company.

Your Directors look forward to the future of INDO ASIAN with great confidence.

INTERNATIONAL BUSINESS

Your Company recorded land mark growth of 126% in export business for the year under review and is placed for exponential jump in operations with enhanced level of activities as key Global player. Your Company continues to export its products to Prestigious Electricity Boards and Power Projects and other Public Utility Undertakings in Abu Dhabi, U.A.E., MEW

Kuwait and other Middle East/ African countries. The company's products have successfully penetrated in our own branch into the distribution markets in SAARC, Middle East, South East Asia, Africa, Australia and United Kingdom. The company has also entered into long term arrangements with some of the well known Brands in Europe & U.K. for manufacture and supply of Electrical distribution equipment including MCBs, RCDs, Consumer Boards and CFLs under their popular Brands for their global markets.

Your Company has opened up offices in Hamburg, Germany and in prestigious Jabel Ali Free Zone in Dubai to provide greater marketing support and thus bringing INDO ASIAN closer to its international customers. The International Division participated in MEE -Dubai, Elenex _ Indonesia and slated to participate in Global level prestigious exhibition Light+Building -Frankfurt, thus carrying forward INDO ASIAN brand further to new markets and establishing your Company as serious and strong players in the International electrical market. The Company has been able to get prestigious International Certifications. Your company is set to do high profile market launches in Nepal, Sri Lanka and opened an exclusive show room in Colombo.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has a well-defined Internal Control system that is adequate and commensurate with the size and nature of business. Clear roles, responsibilities and authorities, coupled with internal information systems, ensure appropriate information flow to facilitate effective monitoring. Adequate controls are established to achieve efficiency in operations, optimum utilization of resources and effective monitoring thereof and compliance with applicable laws. An exhaustive programme of internal audits, including all Branches of the Company all over India, review by management, and documented policies, guidelines and procedures, supplement the internal control system.

The Audit Committee regularly reviews the adequacy and effectiveness of the internal controls and internal audit function.

DEVELOPMENT IN HUMAN RESOURCES

Your Company's "Commitment beyond the market" provides meaning and purpose to its people. Your Company believes that the aspiration to create value for society and the nation provides the motive force to its people to enhance sustainable shareholder value creation.

Your Company has leveraged its human capital to enhance competitiveness and develop a customer-focussed organization by nurturing learning, entrepreneurship and creativity. During the year the Company increased its focus on people development, including "360 degree feedback" based Leadership Development programs. Your Company takes keen interest in ensuring that its employees maintain a healthy work-life balance.

Your Company acknowledges the contribution of its world-class employees and the spirit of commitment, collaboration and partnership demonstrated by them in realizing the Company's vision.
