ANNEXURE I TO DIRECTORS' REPORT

Information as required under Section 217(1)(e) of the Companies Act, 1956.

A. CONSERVATION OF ENERGY

Energy Conservation :

Your Company is not a power intensive industry and hence the scope for conservation of energy is not much. However the following energy saving measures has been carried out.

- i. The Company has been regularly striving to conserve use of electrical energy by implementation of energy audit and energy conservation measures. Process procedures have been optimized to reduce energy consumption per unit/rupee of production.
- ii. The fluorescent lights at the Plant has been fitted with electronic ballast for higher efficiency and conservation of energy.
- iii. Lighting survey was carried out and some lighting points reduced.
- iv. The new Distribution Plant at Thirumazhisai has been designed in such a way that during normal day shifts, the natural lighting is sufficient for all operations thereby saving on artificial lighting costs. The efficiencies of the new Air Drying Ovens, Paint Booth and Variable Drives fitted with all the winding machines installed at the new D.T plant will ensure reduction in energy costs to a great extent.
- v. The Open Ventilated Dry Type (OVDT) plant also is being set up on similar lines as above.

B. TECHNOLOGY ABSORPTION

Research & Development :

1. Specific areas in which R&D is carried out by the Company
 - a. The Company has progressed substantially in developing rectangular cored transformers and a prototype transformer has been manufactured. Once testing is complete the product will be taken up for commercial manufacturing thereby saving on material to a great extent.
 - b. The Company has developed the Package Substation and Unitized Substation suitable for Industrial Clients. The Company expects sizable business for these package substations in the years ahead.
 - c. Detailed studies had been carried out in connection with the manufacture of 100MVA 230KV class Transformers, especially the insulation co-ordination, better utilisation of active materials etc.
2. Benefits derived as a result of the above R&D :

The development and introduction of various components have contributed to reduction in production cost and improvement in quality. As a result, the Company has good scope in new market entry, cost reduction, better product performance and increased competitive ability and broader product profile.
3. Future plan of action:

All the above stated activities will be further accelerated and amplified to ensure conformance and further developments.

A state of the art plant to manufacture Open Ventilated Dry Type Transformers at Thirumazhisai has been established and trial production is likely to commence in June 2007.
4. Technology Absorption, Adaptation and Innovation:

Indo Tech's agreement and M.O.U with Dupont Inc. signed on 10th August, 2006 will ensure that the Company will get the latest technology with regard to the various design and manufacturing processes for the Open Ventilated Dry Type transformers which find a lot of applications in the urban areas and other special application areas such as petrochemical and shipbuilding industry to name a few.

Also Please refer para B(1)

C. IMPORTED TECHNOLOGY

The Company's technical collaboration agreement with M/s. Moblesource Industries Inc., Canada, has expired. However, the Company still hopes to get orders for these Mobile Transformers from Moblesource Industries Inc., as a Supplier-Customer relationship.
