5. Members are requested to bring their copy of Annual Report and Attendance Slip duly filled at the meeting.

#### EXPLANATORY STATEMENT PURSUANT TO SECTION 173(2) OF THE COMPANIES ACT, 1956.

ITEM No. 6 and 7

Mr. R.K. Takkar was appointed as an Additional Director in accordance with section 260 of the Companies Act, 1956 and Article 107 of the Articles of Association of the Company on 29th July, 1998. Mr. Takkar holds office as a Director upto the date of this Annual General Meeting. The Company has received notice in writing from a member signifying the intention to propose his candidature for the office of Director under section 257 of the Companies Act, 1956.

The Board of Directors at their meeting held on 29th July, 1998 appointed Mr. Takkar as a Managing Director of the Company for a period of two years, effective from the date of joining, subject to such approvals as may be necessary. The approval of the shareholders is sought for his appointment as a Managing Director and payment of remuneration to him as set out in Resolution No. 7.

Mr. R.K. Takkar is a retired I.A.S. Officer. He had served the Govt. of India for several years in varied positions and retired as Secretary, Department of Telecommunications and had also served as Chairman of the Company in his capacity as Chief Secretary of the Govt. of NCT of Delhi.

The Board of Directors recommends passing of resolutions as set out under item no. 6 & 7.

None of the Directors except Mr. R.K. Takkar is concerned/interested in the said resolutions.

This Explanatory Statement together with the accompanying Notice may also be regarded as an abstract and memorandum under section 302 of the Companies Act, 1956.

By Order of the Board  
**For Indraprastha Medical Corporation Limited**

Place : New Delhi  
Date : 29th July, 1998

A.K. Singhal  
*General Manager cum  
Company Secretary*

## DIRECTORS' REPORT

### To The Members

The Directors have pleasure in presenting their Tenth Annual Report together with audited accounts of the Company for the year ended 31 March, 1998.

### FINANCIAL RESULTS

(Rs. in lacs)

	Yearended 31st March 98	Yearended 31st March 97
Income from operations	<b>8,920.78</b>	5,958.18
Other income	<b>678.43</b>	197.41
Total expenditure	<b>7,414.35</b>	5,009.02
Interest & Financial charges	<b>1,221.74</b>	986.66
Gross profit/(loss)	<b>963.12</b>	159.91
after interest and financial charges but before depreciation, writeoffs and taxation		
Depreciation and Writeoffs	<b>783.29</b>	546.55
Provision for taxation	<b>24.56</b>	—
Prior period provisions and adjustments (net)	<b>49.00</b>	—
Profit/(Loss) for the year	<b>204.27</b>	(386.64)

### OPERATIONS

The year under review represents the first full year of commercial operations of the company. The company has achieved a total income of Rs. 9599.21 lakhs and earned a cash profit of Rs. 963.12 lakhs. After provision for depreciation & writeoffs of Rs. 783.29 lakhs, taxation of Rs. 24.56 lakhs and prior period provisions and adjustments (net) of Rs. 49.00 lakhs, profit for the year stood at Rs. 204.27 lakhs. This may be considered fairly satisfactory being the first full year of commercial operations.

### HEALTHCARE : TRENDS AND CHALLENGES

Throughout the world, healthcare systems are facing major challenges as they struggle to meet rising demands with limited resources. Demographic changes, rising consumer expectations and new medical technologies are all fueling demand. Current trends in Indian Medicare delivery hold much promise, both in containing costs and keeping quality at par with international standards, and need to be capitalised.

Your hospital has already earned high repute in providing quality Medicare comparable to the highest standards and is recognised as one of the country's major referral centres for complicated,

advanced, multi-systemic disease. The number of overseas patients seeking treatment in your hospital has registered a significant increase over the preceding year, with patient referrals from developed countries also showing a favourable trends.

### MEDICAL HIGHLIGHTS

This is an era where modern medicine is striving to find the most effective and efficient method of treating complicated diseases, often in inaccessible parts of the body. The medical and surgical teams at your hospital have not lagged behind:

- \* recently, a combined team of cardiologists and neurologists successfully developed a new technique of safely embolizing septal artery without affecting vital circulation of the rest of the heart muscle. The hardware was a combination of material used in coronary angioplasty and cerebral AVM repairs. **This procedure has been performed for the first time in the world.**
- \* a 76 year old lady with a large infra-renal abdominal aneurysm not suitable for surgery or anesthesia, had the aneurysm repaired by an **innovative non-surgical technique by stents and coil embolization** of redundant cavity : a rare achievement.
- \* a new technique "**thrombolysis**" devised by our neuroradiology unit to treat **early stroke victims** involves injection of a special medicine directly into the clot within an artery in the brain to dissolve it.
- \* a 12-year old girl struck down by spinal tuberculosis and paralysed waist down, was successfully treated by an **indigenously-made 'halo brace'** (costing Rs. 5,000/- as against the imported brace at Rs. 70,000/-).
- \* another advanced surgical technique following phacoemulsification (no-stitch cataract surgery) and Excimer Laser was recently added to the department of ophthalmology for almost painless correction of refractive errors: the **Lasik Laser technique.**
- \* the Ilizarov technique hitherto routinely done for limb-lengthening of patients with inherent or acquired limb deficiency has now gained improved scope : **for the first time in India**, our orthopedics unit has performed a surgery for **increase in height in normal short individuals.**
