LETTER TO THE SHAREHOLDERS

Dear Shareholders,

Dear Shareholders,

It gives me great pleasure to share with you the 2nd Annual Report of Your Company and share our journey through the last financial year.

Last Financial year was remarkable year for your company as Inflamm Appliance Limited successfully commissioned production at new facility. At the outset, on behalf of board of directors and the team, we would like to take this opportunity to thank you for your support and confidence in your company during the growth phase of the company.

It is this trust that encouraged, enabled and inspired us to deliver a strong financial performance of Rs. 55.11 Crores in turnover clocking a 72% Growth and recorded the Profit after tax (PAT) Of Rs. 2.06 Crore registered the growth of 66%. This performance has been possible because of the combined efforts of our people who have worked with a strong focus and driven many innovative and impactful initiatives in the year gone by.

The macroeconomic scenario of the country remains strong with stable government in place, FDI inflows remains strong, asserting our attractive position in global scenario, Combined with some decisive steps for debt overhang resolution in industry this augurs well for investment climate in the country.

We are now getting ready to brace ourselves for a new tomorrow with the New Products added in our product basket, New facility and machines.

During the recent years Company bought 12175 sq meter of land on NH73, near Panchkula, Haryana for setting up new facility where approx 4500 Sq meter of sheds/office blocks are already Constructed. The Company shifted all its operations from Baddi, Himachal Pradesh to this new facility in phased manner during this year.

Company Added 15000 numbers per month of production capacity for Electric Chimneys, 5000 numbers per month of production capacity for Hobs and 1000 units per month production capacity for cooking range. Production Capacity for existing products have also Increased during last year. Steel Gas Stoves production capacity has also increased from 50000 to 125000 numbers per month and Glass Stoves from 5000 to 20000 pieces per month.

Within a month of completion of production capacity expansion, your company is able to achieve production of 2500 Pieces per month of Electrical Chimneys and expect to achieve approx 10000 pieces per month by second half of current financial year.

Average Current Steel Gas Stove Production is 75000 numbers Per Month and Glass Stoves Production is 4500 pieces Per Month and we expect to achieve production of 15000 pieces Glass Gas Stoves and 100000 Steel Gas Stoves numbers per month by October this year.

Your Company has Marketing agreements with Oil Marketing Companies to market, sell, distribute and promote LPG Stoves to domestic consumers using their Distribution channel which has over 16000 distributors across India. Currently Company supplies its products in the brand name of "INFLAME" through a network of its 40+ Distributors across India.

Apart above, your Company is also setting up its own distribution network for open markets to sell its products under the Brand Name of "INFLAME" in major states in India. Recently, Distributors Network has been set up in the States of

Maharashtra, Gujarat, West Bengal, Uttar Pradesh, Punjab, Haryana, Jammu & Kashmir and Himachal Pradesh. In time to come, this distribution network would be spread across pan-India and complete product range would be offered to consumers through this distribution network.

Your Company is also involved in manufacturing different models of gas stoves for Hindware since about 4 years and currently contribute to over 80% of their total demand. Recently, this partnership is also extended to manufacture chimneys for them. Apart from Hindware, your company has recently got into an agreement with AKAI INDIA for being exclusive manufacturer of electrical chimneys, Hobs and gas stoves for them under their brand. This partnership is expected to generate huge business opportunities for both companies. Your company has also been selected by BSH Home Appliances (BOSCH SIEMENS HOME APPLIANCES) to be in their pool of suppliers for Chimney. Recently, your company is also approved by Sun flame Appliances for supply of chimney under their brand name.

Your Company has completed the process of registering with Railway Coach Factory (RCF) for supplying of various stainless steel /mild steel components which are used in railway passenger wagon. Company's unique facility are able to offer various components for railway coaches and company looks forward this segment and expect 5-10% of total revenue from this segment.

Your company started exports of various models of chimneys and gas stoves in nearby countries and have initiated process of exporting its products to various African countries. During current financial year, your company expects to achieve 15-20% of total revenue through exports.

I would like to thank our employees for their efforts, our customers for their trust, our vendors for their cooperation, our regulators for their oversight and our investors for their confidence in our abilities. These are the pillars that will drive our success as we set out to become a better, bigger & stronger organisation.

Thank you.

Yours sincerely

Aditya Kaushik
Chairman & Managing Director
June 03, 2019

Note: - Last year financials is the combined performance of Company as well as Firm before conversion into company for comparison purpose.

BUSINESS OVERVIEW

Inflame Appliances Limited, an established prominent manufacturer of LPG stove/ Cooktops and sheet metal components. The present facilities at Inflame include a metal pressing unit and producing metal Cooktops, glass cooktops, built-in hobs and chimneys. We have manufacturing facilities equipped with modern infrastructure and sophisticated machines backed by untiring efforts in the field of research & development and high-quality consciousness. Our vast experience in the domain, progressive management and cutting-edge production technology contribute to our ability to provide our customers with exceptional value in a highly competitive industry. Established PAN India network by supplying under Prime Minister Ujjawala Yojana.

Vision

We believe that change is possible and can happen against all the odds.

Mission

We aim to manufacture and market best quality products in the kitchen appliances market to offer the highest degree of efficiency and client satisfaction, thereby continuously maximizing the company's wealth.

Development in Indian Kitchen Appliances Industry

In FY2018, the overall Indian appliance and consumer electronics (ACE) market was estimated at INR 210,000 Cr and is set to grow at a compound annual growth rate (CAGR) of 9%. The cooking appliances market accounted for 7.2% of the ACE market value in FY2018. Increase in consumer appliances market in the country has boded well for the kitchen appliances market, where products made specifically for the Indian market are expected to have higher sales. The kitchen appliances market will grow at a faster rate than the overall ACE market. Indian consumers are inherently price conscious.

This growth in India's consumer market demand is driven primarily by rising disposable incomes in Indian households and easy access to credit, which induces growing purchasing power. Increasing electrification of rural areas, along with the rising influence of social media and the popularity of online sales, is also likely to aid growth in demand. Two-thirds of the total revenue is generated from the urban population and the rest is generated from the rural population.

Government initiative like Pradhan Mantri Ujjwala Yojana (PMUY) was launched by Prime Minister of India on 1 May 2016 to distribute 50 million LPG connections to women of BPL families. A budgetary allocation of ₹800 billion was made for the scheme. In the first year of its launch, the connections distributed were 22 million against the target of 15 million. The number crossed 58 million by December 2018. In 2018 Union Budget of India, its scope was widened to include 80 million poor households. 21,000 awareness camps were conducted by oil marketing companies (OMC). The scheme led to an increase in LPG consumption by 56% in 2019 as compared to 2014.

Product Overview

Over 1.4 billion people don't have access to electricity and rely on alternative fuels that can be dangerous and harmful to a person's health. By increasing safety and productivity while decreasing living expenses, sustainable energy improves all aspects of life for the members of a community.

From clean LPG cook stoves to energy-efficient induction cook tops, the range of our solutions is as diverse as the problems they address

Our product range includes

- » Cooking Range
- » Built-in-Hobs
- » Cook tops
- » Cooker Hoods (Chimneys)

BUSINESS & CUSTOMER UPDATES:-

- » Company Successfully Commenced Production at new facility. The Facility installed is unique in nature as no Manufacturer of Appliances in India has the Facility of toughened glass, CNC Machines, Power/Hydraulic Press Shop, Powder Coating, and Welding under one roof.
- » Company adopt several new technologies to increase operational efficiencies and installed machines backed up with advanced technology like CNC Punching machine and laser cutting machine, complete glass toughening line comprising of a tempering furnace, CNC glass cutting table and other glass processing machines.
- » Company added new products in existing product portfolio like Electric Chimneys, Hobs and Cooking Ranges.
- » New Capacity is added to meet the growing demand across the product lines.
- » We have witnessed General Elections 2019 as well as Election in States in India during the year that has affected your company positively with Shri Narendra Modi coming back in power, we expect Ujjawala Yojna to continue with more resources and wider coverage. Your company will be amongst the high beneficiaries of the scheme.
- » New plant was commissioned in 2nd half of financial year and the technical cost pertaining to installation of various machines which is approx Rs.1.5 Crore is shown as expense in Profit and loss statement as a conservative accounting policy measure that would understate our profitability numbers in FY 19.
- » Completed the process of registering with Railway Coach Factory (RCF) Kapurthala for supplying of various stainless steel /mild steel components.
- » Company started exports of various models of chimneys and gas stoves in nearby countries and have initiated process of exporting its products to various African countries.
- » Company has recently got into an agreement with AKAI INDIA for being exclusive manufacturer of electrical chimneys, Hobs and gas stoves for them under their brand. This partnership is expected to generate huge business opportunities for both companies and has also been selected by BSH Home Appliances (BOSCH SIEMENS HOME APPLIANCES) to be in their pool of suppliers for Chimney.
