OPERATIONS

The Sales during the year under review was Rs.6,56.34,070/- as against Rs.5.55.83,783/-in the previous year. Company has incurred Loss before Interest, Depreciation and Tax Rs.2,57,778/- during the current year as against the Profit before Interest, Depreciation and Tax of Rs.8,50,611/- in the previous year. The margins were reduced due to severe increase in the raw material cost during the first quarter which being the prime season of water tank business and followed by heavy rains in the coastal parts of western and southern India which is our area of operations in the market.

During the year, the Company has embarked upon to diversify the product portfolio and develop products with advance technology for industrial and automobile applications.

The company has also commenced full commercial production of the plant at Hubli in Karnataka from second half of the year.

FINANCE

During the year under review the Company has availed of Working Capital facility and Term Loan from the Bank.

FUTURE OUTLOOK

The new facility at Hubli is commissioned during the year under review and the Company expects to achieve higher turnover in the State of Karnataka.

There is a tremendous response from the customers, dealers and distributors as Infra have its presence in the State of Karnataka since 1992.

The Company has ventured into the manufacturing of Industrial Products for OEMs with advance processing technology. These will be the value added product having higher margins which will improve the performance in future.

MANAGEMENT DISCUSSION AND ANALYSIS

OVERVIEW

The plastic products have been well accepted by the Indian Consumers and application has been multiplied in various sectors for Industrial and consumer use. GDP growth during the year 2006-07 was 9.2% and is expected to grow at healthy rate in future. Plastics has been widely accepted for domestic and industrial use.

Infra is recognized brand in the western and southern parts of India mainly due to its quality consciousness and services rendered. The Company has expanded product portfolio and ventured in manufacturing products for Industrial applications which have been well accepted by the customers.

The growth in industry and economy will provide opportunity to excel its performance in future. The boom in the housing sector will also contribute as the main business of Infra being in water storage tanks.

INDUSTRIAL OUTLOOK

Infra with experience of more than 16 years in the field of rotational moulding, by this process western countries service many industrial and various other applications including OEMs. Being a versatile process, Infra has ventured in catering the new application markets.

The advantage of Infra having multi location production facilities which gives the benefit of availability of products to its customers and assurance to OEMs to serve their requirements in time.

OPPORTUNITIES & THREATS

With the new materials and compounds being available in the market place, various conventional materials can be replaced by plastic processing which has advantages of standardization, accuracy and availability at multiple location and the awareness and recognition by the buyers has been a positive sign for the plastic process. The Plastic water storage tank manufacturing industries are under pressure due to the competition from unorganized sectors and also the raw material prices which can increase due to uncertainty of oil and petroleum industries.
