CHAIRMAN MESSAGE

Dear Shareholders,

I am glad to welcome you in our 21st Annual General Meeting of our company. Our Company began operations 21 years ago with modest roots and an aspiration to build a solid and robust business based on sustainable and long-lasting values and culture. Initially we provided Broking and financial services to our clients. Today, our aspiration is to be a respected, world-class, diversified financial services firm with a portfolio of high-quality, growth businesses.

During the journey of 21 years Company has diversified its business in different segments such as commodity, broking, non-banking financial services, Insurance and merchant banking services through its subsidiaries. This has meant that during this 21-years the company has gain several advantages and built a multi-platform for the benefit of its customers and shareholders and also helps the company to sustain in a volatile market environment, leading to reduced costs and improved customer services. With a significant presence in almost all the important segments of the financial services and leadership positions in many – each of our businesses represents future growth and an opportunity to sustain multiple client relationships across adjacent synergistic business verticals. We build enduring relationships with our clients by offering solutions that are customised to their needs and are supported by smart execution.

FY 2015-2016 wasfickle, the general economic slowdown in the country. We reduce market share, the business has faced its own set of challenges like persistency levels that did not match the high standards we had set for ourselves. Several times over the past few years we have paused and taken a moment to step back and take stock, identify the areas where we were lagging and worked on ways to improve. Almost all organisation's struggle to maintain a healthy balance between the two – become too pragmatic and risk losing the “soul” of their business – become too idealistic and one may find it difficult to survive in the real world. The reality of the global financial crisis had hit home hard. While this stage of our journey was the most demanding and punishing phase of our journey, which lead to poor performance of the Company its Broking Segment as compared to its performance in past years.

We have always felt that the India growth story should be seen from an evolutionary perspective rather than from an at-a-point-of-time perspective. The volatility and uncertainty in the Economy will be no more than what we have seen and we truly believe that the next two decades will be a better, upgraded version of the previous two decades. The basic tenets however remain the same – hard work, dedication, mental and physical strength and a firm belief in our own abilities. It is a long-winding road and the challenges are many but we will continue to justify the faith you have reposed in us by consistently exceeding expectations and delivering results that truly make this organization stronger over the period of time.

This letter provides the perfect opportunity to share our journey with you and put our successes as well as our failures in perspective. I look forwards to your unwavering support in this challenging but exciting process of building a good corporate image amongst stakeholders. We always want to look ahead and push ourselves to reinvent and re-innovate. We took this opportunity to be introspective and realized our core strengths. We believe that new innovation is necessary and a great driver for growth.

I am grateful to our stakeholders – customers for reposing their faith on us. Customers are at the heart of

what we do and happy customers make us happy. In fact it has been our customers who have been the stars to help us navigate our way as we built this diverse financial services platform. I am also thankful to our employees whom we are recognize as our core assets for their enthusiasm, numerous loyalty, and commitment towards the quest of excellence, our member on the Board for their perception and continuous support; management team for efficiency steering the company's resource and you, our shareholders for your trust and confidence.
