PROSPECT IN THE CURRENT YEAR : The Ready mix concrete business in India is still in its infancy. The gap between the organized and unorganized sector is quite wide. Some of the major cement manufacturers in India viz. ACC, Larsen & Toubro, Madras Cements and Grasim have ventured into Ready Mix Concrete. India today has a very high acceptability of ready mix and as many as around 40 cities currently are using it for several projects. Specifications by municipal corporations, public works and other Govt. bodies will play a big role in growth in the segment. BMC in Mumbai has already taken this up in the city for few years now and have specifications mentioned clearly in their tenders.

RMC is one of the ways for faster, efficient and quality construction systems. RMC is pretty much in demand in all the major cities of India for housing as well as infrastructure development sector. Further Government and Semi-Government Departments are also keen to use RMC for their up-coming Projects to reach the highest target level with lowest investment of time and money. During the year the Company received orders from big houses like L& T Construction, BIL Infratech Ltd, Srijan Projects, etc for supply of RMC.
