REVIEW OF PERFORMANCE

The Indian economy has performed well despite turmoil in various developed countries. The consumer price inflation is well under control and WPI is in negative territory. There were interest rate cut and liquidity enhancement in the market. The per capita income of average Indian is on increase, raising their buying capacity. This augurs well for the tea, sugar and fertilizer industries.

Indian tea production was down at 1191 mn. Kg compared to 1207 mn kg. last year. The production of Cachar, South India and Dooars was down. The production of Upper Assam was higher to an extent.

The market continued to remain upward for quality tea and price concertina between best quality and medium varieties widened further across all segments of tea. The long term goal of your company to focus on quality tea is getting its momentum day by day and is well recognized in the market. All your tea estates are in top brackets of quality in their area of operation.

The major factors attributing to the operations of the company are:

- i) Increase in total crop of the company with higher crop in Dooars/Terai, Cachar and Assam.
- ii) Sharp fall in prices and crop of South India in line with the industry
- iii) Further improvement in quality standard of Upper Assam & Dooars .

- iv) Improvement in yield and recovery percentage and increase in price of sugar.
- v) Poor rains and heat wave in West Bengal affecting sale of Single Super Phosphate.

Tea Estates

All India production in 2015 was down at 1191 million kg. compared to 1207 million kg. in 2014. Total production in India of Cachar, South India and Dooars was down. However, Upper Assam production was slightly up. Global crops from major countries like Kenya, Uganda and Sri Lanka was down. Prices of good quality Assam tea was higher. However, Cachar, South India and Dooars witnessed weaker prices for most of the year. Prices at Mombassa auction improved a lot as the offerings reduced with effect from May 2015. Worldwide more and more consumers are preferring quality tea and it commands high premium to medium varieties tea. Sale of premium packets shows a positive increase.

Your company has eleven ISO 22000 certified factories with Certificate of Rainforest Alliance. The process of Rainforest Alliance for other factories is on.

Your company's own production was higher at 173.95 lac kg compared to 167.17 lac kg. last year. The bought leaf production was 49.64. lac kg. as against 46.23 lac kg. last year. The overall price realization of your company was almost same at last year levels. Assam, Dooars and Terai prices were up by ₹ 4/- per kg., Darjeeling was down by ₹ 14/- per kg. and South India by ₹ 12/- per kg. Cachar maintained last year level.

There is no material change or commitment affecting the financial position of the company occurred between the end of the financial year and the date of this report.

The Jay Shree Chemicals & Fertilisers, Khardah

Your Company's sale of single superphosphate was higher compared to last year because of better marketing efforts. Two consecutive
