However, the turnover of the company has increased to Rs. 1211.90 Lacs in comparison to previous year i.e. Rs. 839.60 Lacs.

During the year under review your company has done job work, for Birla Plus Cement, a unit of Aditya Birla Group, of almost 50% of the total polymer extrusion. Let me share with you some of the key developments during the year.

The Health Care Division of the company "The Apollo Clinic" is on its line to achieve the better performance during the year. It has achieved Income from operation to Rs. 61.20 Lacs from Rs. 52.25 Lacs in previous year. We have dynamically evolved from a sacks-manufacturer to textile, health care services and agency business of GAIL.

During the year under review, your company has started commercial production of Terry Towel with partial machines in the month of December 2005. The company is looking for overseas buyers, as the Terry Towel is an export product. It has achieved turnover of Rs. 206.55 Lacs during 3 ½ months including export sales of Rs. 14.99 Lacs. We have steadily built our core area expertise, acquired new skills, and strengthened our management and leadership skills towards these new areas. In terms of these, the year was another eventful and action packed year at KG Petrochem Limited.

The outlook for the year ahead is very positive. Sales and revenues from manufacturing of woven sacks & terry towel, agency and healthcare division and expansion of our activities will be the key drivers for the year ahead.

These initiatives have provided us with clear direction. I am confident that KG's strong foundation will continue to give us that competitive edge in the coming years.

In conclusion, I would like to thank you for showing confidence in the company's success. I also want to place on record the extraordinary contribution of Team KG. I reinforce our commitment to deliver long term and sustainable value to our shareholders.
