

REDEFINING
**The Winning
Recipe**

ANNUAL REPORT
2022-2023

Redefining The Winning Recipe

With a remarkable legacy of over 130 years in the industry, KRBL Limited is the world's largest rice miller and basmati rice exporter. India Gate, our flagship brand, is the World's No. 1 Basmati Rice Brand*. Responsible operations, best-in-class manufacturing capabilities, strong consumer insights and marketing capabilities along with an extensive distribution network across the globe has enabled us to carve KRBL Limited as a symbol of excellence. These unique flavours have contributed to the success of KRBL's winning strategy.

This year, a page is turning over at KRBL. We are embarking on a transformative journey by embracing progress and expanding horizons to redefine the winning recipe. The five pillars of this transformation are consumer centricity, increasing total addressable market, unwavering focus on innovation, building best-in-class functional capabilities and digitisation across the value chain to become a trusted consumer food company.

ॐ

We, at KRBL, believe that true innovation is the secret ingredient for success. ॐ

At the core of KRBL's winning recipe is the consumer. We have directed significant efforts towards listening, emphasising and providing solutions for evolving consumer needs. As we expand our presence as an aspirational consumer food brand, we envision a broader range of products that transcend the boundaries of rice. Through close collaboration with our dedicated farmer community, KRBL ensures the introduction of new offerings that align with the dynamic nature of the consumer food market.

We, at KRBL, believe that true innovation is the secret ingredient for success. Keeping unaddressed consumers' needs at the core, we shall be making continuous efforts towards crafting an innovative and relevant line of products. Enhancement of functional capabilities is also one of our core agendas, which is especially critical to the long-term sustainable growth of KRBL. In addition to these, digitisation will be an extremely important enabler in our pursuits and we have incorporated it as an agenda in all the verticals across the value chain.

The redefinition of KRBL's winning recipe signals the strong presence of a progressive company. While meticulously cooking up its new strategy within the inner pages, KRBL presents the carefully curated ingredients of its future-proof approach.

Unveiling the Key Ingredients of Corporate Excellence

For over 130 years, KRBL has been creating a perfect recipe for unparalleled success. The Company's healthy offerings are seasoned with its core values to ensure excellence in quality and customer satisfaction. Like a well-crafted dish, the Company's mission and vision set the foundation, infused with purpose and a commitment to making healthy offerings.

About KRBL Limited

With rich industry experience that has simmered for more than a century, KRBL Limited has seasoned its position as a leading player in the Indian rice industry earning the title of India's first integrated rice company. Operating primarily in the realm of manufacturing and marketing rice products, the Company's success is derived from a blend of responsible practices, adept execution, innovative manufacturing and proactive exploration of new opportunities.

Over the years, KRBL has expanded its repertoire, delighting customers across different regions. Our presence in a consumer-driven market has created a demand for wholesome and balanced dietary options. With a well-established presence in India and global markets, we aim to enhance our presence while exploring new international markets.

Guided by doyens of the Indian agri-product industry and supported by a team of seasoned professionals, KRBL has succeeded in every aspect of its journey, from seed development and multiplication to contact farming, production and establishing our products in the market. The Company is constantly exploring ways to enhance customer satisfaction, expand our reach and employ innovative techniques that enhance our competitive edge.

Vision

To preserve and enrich the legacy of basmati in India by ensuring the genetic integrity of the seed, by encouraging farmers to adopt scientific agricultural practices and by leveraging world-class rice processing technologies, so as to emerge as the industry benchmark for product quality and customer service.

Mission

To emerge as the world's number one basmati player, committed to delivering precision - perfect quality products to our customers; nurture a professional work environment that fosters employee excellence, growth and job satisfaction and build a financially strong, growth-oriented company that creates value for our stakeholders.

Values

Nurtured by our core values, we are on our way to becoming the unrivalled global leader in basmati rice exports and milling. Building upon the cherished heritage of basmati rice in India, our secret ingredient lies in prioritising the satisfaction of our esteemed customers.

We whisk together the perfect blend of cutting-edge technology, all while being in sync with our diligent farmers. It is this harmonious partnership that has seasoned our success for over 130 years and beyond.

We aim to **create a better future** by making basmati rice affordable for the masses

We do this **by providing opportunities** to our farmers, our people and communities

We live by **our values- trust, passion and quality**. How we work is as important as what we do

We delivered **steady performance** by keeping our debts under control and by efficiently managing our working capital cycle

We transform **our DNA and culture** to drive growth focusing on our people and by continuously perfecting the basmati grain

We play this role that **benefits everyone** and helps businesses grow, people prosper and communities thrive

We empowered **our people**, whose competence and enthusiasm helped us stand out amongst the crowd and stand strong even in difficult times

KRBL Limited – History

1889

India Gate Basmati Rice

India Gate Basmati Rice is KRBL Limited's most esteemed and illustrious brand, standing as a testament to time and representing a remarkable history spanning over a century. Alongside its renowned sub-brands like India Gate Chef Special, India Gate Chef Choice and India Gate Super Sella, among others, it has earned the coveted title of the - World's No. 1 Basmati Rice brand*. Synonymous with exceptional quality, India Gate has become an iconic symbol in the realm of rice. This influential brand holds the pinnacle position in the Company's revenue hierarchy, serving as an overarching umbrella for other lucrative sub-brands that cater to diverse rice preferences, including the burgeoning health food market. Embracing both domestic and international markets, India Gate offers a wide array of over a hundred SKUs, meticulously crafted to meet an array of consumer needs while unwaveringly delivering unparalleled quality, distinct naturalness, delightful taste and captivating fragrance.

*As per Mordor Intelligence Report on packaged basmati rice, MAT Jun'23

Zabreen

Zabreen is a widely preferred basmati rice brand among HoReCa and bulk buyers. It has emerged as the third biggest brand in the domestic market. KRBL's endeavour to deliver consistently great quality to bulk buyers through Zabreen, has helped the brand to strengthen over the years.

Unity

Unity holds a prominent position within KRBL's brand portfolio, serving as the second most significant brand. It proudly reigns as the foremost choice for basmati rice in countries such as Algeria, Singapore and Malaysia, while also enjoying a noteworthy presence in India and the MENA region. With each passing day, Unity fortifies its foothold in all of KRBL's key markets, solidifying its status as a vital driver of the Company's competitive edge over local competitors. By specifically targeting price-conscious basmati rice consumers, Unity has evolved into a formidable brand, amassing revenue in excess of ₹ 750 Crore +. Its allure extends far beyond branded alternatives, successfully attracting customers from the unbranded segment.

Nur Jahan

Nur Jahan stands as a beloved choice among Basmati rice brands, cherished in countries such as South Africa, Qatar and Saudi Arabia, among others. Tailored to meet the distinctive tastes and preferences of the discerning mid-segment, this brand is dedicated to bringing an exquisite sense of delight and inspiration to families across the Middle East and Levant region during their cherished mealtime experiences.

KRBL Product Portfolio

Through our diverse range of products and trusted brands, our new launches add a fresh twist to the table, making its product portfolio a trusted staple and an essential part of every recipe.

KRBL Limited has an array of flavours in its product basket, carefully crafted to satisfy the ever-evolving appetites and discerning palates of its esteemed consumers. Each delectable creation is a testament to the Company's commitment to innovation and uncompromising quality, ensuring that its brands linger in the minds and taste buds of patrons.

The KRBL way of maturing

Unique rice aging process ensures premium product differentiation

2 YEARS OF AGEING gives our rice:

Upstream engagement and sophisticated sourcing

Seed development

1. Sourcing of 'breeder' seeds from various leading Indian Agriculture Research Institutes, which are then grown as 'foundation' seeds under the supervision of scientists and the government seed certification agency
2. Supply of seeds to farmers

Contact farming

1. KRBL differentiates itself from its competitors by establishing a strong relationship with farmers through contact farming practices such as the distribution of high-quality seeds
2. Sharing optimum sowing and transplanting techniques and assistance in sourcing good quality inputs in addition to providing advice on optimal pesticide management

Procurement

1. Identification and sourcing of the season's best paddy with the help of a team of rice experts along with KRBL's network of Artias (commission agents)
2. A more thorough examination of the paddy upon arrival at the plant
 - ◆ sophisticated testing equipment to check samples for moisture content, head rice yield, percentage of broken, admixture, length and width of grain
 - ◆ Only paddy that fully conforms to KRBL's quality benchmarks is purchased and sent for storage and processing

Benefits to farmers

- ◆ Enhanced earning potential due to improved crop quality and productivity
- ◆ Significant reduction in risk and uncertainty of markets

- ◆ Crop switching – leading to enhanced realisation
- ◆ Access to competitive and modern technologies

Benefits to KRBL

- ◆ Adequate availability of good quality paddy
- ◆ Unmatched quality

Building lasting and mutually beneficial relationships

KRBL pays a premium to farmers for good quality product

Stirring the Leadership Pot: A perfect blend of experience and ambition

In the realm of corporate brilliance, our leaders whisk up a delicious buffet of success. From the Chairman infusing his wisdom to the Board of Directors adding seasoned expertise and the dynamic Young Leaders bringing fresh innovation, their combined efforts cook up a masterful feast that fuels our journey towards greatness.

Chairman's Message

Our flagship brand India Gate has been recognised as the World's No. 1 Basmati Rice Brand.*

*As per Mordor Intelligence Report on packaged basmati rice, MAT Jun'23.

Dear shareholders,

I extend my warm greetings to each one of you as we come together to reflect upon the year gone by and what it has entailed for KRBL Limited. It gives me immense pleasure to present to you the significant developments in the growth trajectory of your Company, over the last fiscal year.

Navigating the Tides: The Dynamic Shifts in Global and Indian Economies

The global food market has seen some fluctuations in recent times, but the overall impact on our business has been minimal. The Black Sea Grain Initiative - The Ukrainian ports' initiative focused on ensuring secure transportation of grain and food products - played a significant role in stabilising global markets and maintaining their openness. While there were some disruptions, the last few months of FY23 saw a partial alleviation of high international food prices.

The Indian economy is primarily driven by domestic demand, wherein consumption and investments account for 70% of the economic activity. With pent-up demand being unleashed and widespread vaccination coverage, the contact-intensive services sector played a pivotal role in driving development in FY23. The rise in employment, increasing private consumption and positive consumer sentiment contributed to GDP growth in the fiscal year under consideration.

The Big Picture: An Expanse of Opportunities in the Industry

Long-term patterns of consumer expenditure in numerous international markets have revealed a shift in

spending habits. Consumers are spending less on essential items like wheat and more on higher-value food products such as meat, dairy, fruits and vegetables. This trend has been particularly noticeable in India, given the 15% increase in per capita income in FY23.

Multinational retailers have expanded their operations in developing nations, leading to significant transformations in the global consumer food industry. Manufacturers and retailers are striving to meet the growing demands of consumers, who are increasingly seeking a broader range of high-quality products.

India, a major player in the global rice market, implemented certain measures and export tariffs in September 2022, to ensure domestic supplies. Despite these measures, India saw a remarkable increase of over 15% in rice exports, reaching a record-breaking value of \$11.1 Billion in FY23, with a volume of 22 Million tonnes (MT). This growth was driven by a variety of factors, including the increased demand for high-quality rice products in markets such as the Middle East.

Through the Kaleidoscope: Perspectives, Challenges and Triumphs

Against this backdrop, I am delighted to share that our flagship brand has been recognised as the World's No. 1 Basmati Rice Brand. This recognition reflects the trust and loyalty of our consumers, making it a moment of immense pride for all of us. In FY23, KRBL attained a consolidated revenue from operations of ₹5,363 Crore, achieving a remarkable growth of 27% over FY22 and crossing the ₹5,000 Crore mark. Our domestic

sales surpassed the ₹3,000 Crore mark for the first time, reaching ₹3,335 Crore with a growth rate of 26%. In the domestic branded basmati rice segment, your Company continues to lead the market with a market share of 32% in general trade and 42% in modern trade. The post-GST rationalisation on bulk packs has driven a substantial increase in our domestic bulk pack sales.

Export Sales witnessed a robust growth of 33% to reach ₹1,931 Crore, fuelled by the revival of sales in key markets such as Saudi Arabia, among other factors. Despite the Government's export restrictions on broken rice and the imposition of export duty on some non-basmati rice varieties, our revenue remained resilient. Our consolidated Profit After Tax (PAT) witnessed an impressive growth of 53% to reach a record high of ₹701 Crore. This outstanding performance can be attributed to better realisation in both domestic and export markets, further bolstering our profitability.

During the Kharif season of 2022-23, paddy prices witnessed a notable rise of 15% to 20% compared to the previous year, primarily attributed to the unpredictable monsoon patterns in India and flooding in Pakistan. Consequently, both domestic and export markets experienced a substantial increase in basmati rice prices. In response to the strong demand for basmati rice, KRBL procured significant quantities of paddy and rice to meet the robust market requirements.

I am pleased to share that we have achieved an all-time high Earnings per Share (EPS) of ₹29.78 per share, a testament to our strong financial performance and growth trajectory. Our net worth has also reached an
