Dividend

Considering the profits for the current year, your Directors recommend a dividend of 100 % (₹ 10.00 per share of ₹ 10 each) for the year ended 31st March, 2013 which, if approved at the ensuing annual general meeting, will be paid to those members whose names appear in the Register of Members of the Company as on 31.07.2013. In respect of shares held in dematerialised form, the dividend will be paid on the basis of beneficial ownership as per the details furnished by the Depositories for this purpose at the end of business hours as on 23.07.2013.

Operations

The turnover of the Company improved by 29 % from ₹ 542 crores to ₹ 697 crores during the year ended 31st March, 2013. Cattle feed sales volume improved by 9 % from 3.66 lakhs tonnes to 3.99 lakhs tonnes in the same period. Unprecedented increase in the price of raw materials for cattle feed had affected the performance of the Animal feed division. That division was under loss till the third quarter. In the last quarter, the ingredient prices stabilised and then the Division could cover up the loss incurred during the first three quarters and earn profit for the year under report. The Animal feed division generated a profit of ₹ 882.03 lakhs against ₹ 1445.52 lakhs in the previous year.

The volume of cake processing improved from 73,000 tonnes in the previous year to 77,000 tonnes in the year under report. However, due to the low price for coconut oil and high cost for copra cake, the performance of cake processing division was seriously affected. The cake processing division had reported a loss of ₹ 46.88 lakhs compared to a profit of ₹ 283.99 lakhs during the year 2011-12. In the Dairy division, the volume of sale of ice cream improved to 960 kl. against 865 kl. in the previous year, registering a growth of 11 %. The profit of Dairy division for the year 2012-13 is ₹ 163.96 lakhs, which was at ₹ 96.95 lakhs in the previous year. The over-all profit after tax is ₹ 465.30 lakhs in year 2012-13 compared to ₹ 1,044.93 lakhs in the previous year.

After the downward trend in the ingredient prices in the last quarter of year 2012-13, the prices are going up again. We do not expect further reduction in the cost of cattle feed ingredients in the immediate future. We have adjusted the selling prices of feed, to match the increase in ingredient prices. We firmly believe that the sales volume of cattle feed will further improve in the current financial year. We expect to better our performance in Animal feed division, by optimising the feed formulation and making suitable adjustments in the selling prices to match the ingredient prices.

At present we are getting sufficient quantity of local copra cake at reasonable price. If sufficient quantity of copra cake is available in the market at reasonable rates and fetches a better realisation for coconut oil in the current year, we can better the performance of Cake Processing Division.

We are taking all steps to improve the market for ice cream. We are appointing new dealers in untapped areas to improve the volume of sales and thereby utilise more of the unused production capacity. We expect to improve the volume of sale of ice cream and thereby better the margins of Dairy division in the current year.

More information relating to the operations of the Company has been furnished in the Management Discussion and Analysis Report, as per Clause 49 of the Listing Agreement.

Capital Expenditure

For the future development and expansion of Irinjalakuda Unit, around 72 Ares of land adjacent to Irinjalakuda Unit has been purchased with a total capital outlay of ₹ 5.60 crores. In Palakkad Unit facilities for manufacture of cattle feed in pellet form has been set up by investing around ₹ 70 lakhs. We have entered into a third party arrangement for production of cattle feed in Trivandrum to cater the nearby markets and the production has started.
