The Company has achieved a turnover of Rs. 7,798 lakhs of metal cans and its components, etc. as against Rs. 6,661 lakhs for the previous year thereby registering a growth of 17% consequent upon substantially improved volume of OTS and Export business. The Company executed export orders worth Rs. 1,080 lakhs of metal components as against Rs. 957 lakhs for the previous year - a growth of 13%.

With the growing thrust given by the Government for the processed food industry, the Company expects to capitalise the growth opportunities during the current year for OTS cans business. The changing life-styles of consumers and rising disposable income of the growing middle class have contributed to expanding market for branded food, health food and convenient food. With the entry of large corporate giants into retail sector, there has been a change in the way a consumer buys and pays for products which till today was only differentiated on the basis of price

The Company expects an improved performance during the current year as the prospects for OTS cans, aerosol cans and exports business seem to be comparatively favourable.

As mentioned in the last year's Directors' report regarding the damage to the property and tinplate/other materials caused due to cyclone/heavy rains in Gujarat, the Company has recovered the loss from insurance company.

The sales volume of Milk & Milk Products Division has remarkably increased from Rs. 7,315 lakhs of the previous year to Rs. 8,479 lakhs for the year 2005-06 thereby showing a growth of 16%.
