MANAGEMENT DISCUSSION AND ANALYSIS REPORT:

a. Industry Structure And Developments:

With the expansion of several cement units in AP and new entrants the gap between demand and supply is considerably narrowing, which is likely to put pressure on pricing. However, with efficient Management and sustained demand the outlook for next year is likely to be encouraging.

Sugar being an agro-based industry needs good rainfall and irrigation facilities. The lining work of Wyrā canal continues to be in slow progress thereby affecting the irrigation facilities and this is likely to continue for another couple of years. However with the expectation of a reasonably good monsoon the area under sugar cultivation is likely to improve resulting in considerable improvement over last season crushing. As far as Power operations are concerned, with the improvement in sugar cane crushing, the availability of bagasse will also improve, resulting in higher generation of power. Further the directions issued by the Government of Andhra Pradesh for generation of power during non-crushing season by using coal as fuel will also improve the performance of the power division.

b. Opportunities and threats:

With a stable scenario for infrastructure and the forecasted demand for cement for the year 2011-2012 outlook for cement industry appears positive.

c. Segment or product-wise performance:

Segment-wise or product-wise performance

KAKATIYA CEMENT SUGAR & INDUSTRIES LIMITED

has already been furnished elsewhere in this Report.

d. Outlook:

Division-wise outlook has already been furnished elsewhere in this Report.

e. Risks and concerns:

The Cement, Sugar and Power industries being core industries, there is no risk of product obsolescence nor steep fall in demand by way of product substitution or otherwise and therefore, your Directors do not foresee any major risks and concerns, in the near future except as discussed elsewhere in this Report.

f. Internal control systems and their adequacy:

The Company has adequate internal control system. Apart from this, the Company also has independent internal auditors, who conduct periodical audit and their report is taken into account by the Audit Committee for its review and suggest remedial actions wherever required.

g. Financial Performance with respect to operational performance:

This has been already discussed elsewhere in this Report.

h. Human Resources / Industrial Relations:

The Company enjoys cordial industrial relations with employees and believes that human resources are an invaluable asset. The Board wishes to place on record its appreciation to all employees for their efforts and cooperation for the performance and growth of business during the year.
