Due to continuous losses, the Company has used the Mill for job work, rather than spinning on its own, during the year under review.

3. JOB CONTRACT:

As you are aware the Company has entered into Job Work contract with M/s. Kallam Brothers Cottons Private Limited. Kallam has invested an amount of Rs.120.00 lacs (present outstanding is Rs. 60.00 lacs) towards renovation/overhauling of the machinery. After the said repairs the condition of the machinery improved considerably and productivity levels have gone up. 10. ADDITIONAL INFORMATION:

Information pursuant to Section 217(e)&(2A) of the Companies Act, 1956 read with Companies (Disclosure of Particulars in the Report of Board of Directors) Rules, 1988 is annexed herewith.

11. MANAGEMENT DISCUSSION AND ANALYSIS REPORT:

Industry Structure and Developments:

Textile industry in India is highly fragmented and scattered throughout the country. This industry was facing glut like conditions up to 2003-2004 due to excess spinning capacities and volatility in the cotton prices. However, the Industry has turned into a positive mood and most of the textile mills are doing well for the last one year. Thus, there would be a significant growth and development of the industry.

Opportunities and Threats:

Entering into Job Work contract with M/s. Kallam Brothers Cotton Private Limited is considered to be an opportunity for the Company in turning around its performance as Kallam has invested substantial funds for renovation/overhauling of the machinery. The frequent upward change in cotton rates and falling yarn realization is considered to be a threat.

Segment or product-wise performance:

Segment or product-wise performance is not required to be given as the Company has been carrying on business in only one product.

Out look:

Having completed major renovation/overhauling work of the Mill, your Directors are confident that the performance of the Company would be much better and losses would be totally curtailed in the current year.

Risks and concerns:

The machinery is 12 – 14 years old on an average. In fact, it needs major replacement of certain of the machinery, apart from the renovation completed in last year. Further, to be more cost effective, the mill needs to be modernised to match the latest technology and efficient levels.

Internal control systems and their adequacy:

The company has adequate internal control systems. The Management as well as Statutory Auditors take the periodical reports of officer(s) incharge of internal control system into account.

Financial/operational performance:

This has been already discussed elsewhere in this Report.

Human Resources/Industrial Relations:

The company employ about 300 people. The company enjoys very cordial industrial relations and there is very low employee/labour turnover in the company. You will be happy to note that ever since the inception of the company, there were no strikes, lockouts, lay-offs, retrenchments, etc.

ACKNOWLEDGEMENTS:

Your Directors take this opportunity to thank all the Central and State Government authorities for their wholehearted co-operation and support in the Company's operations. Your Directors further wish to place on record their appreciation for the invaluable support given by the Bankers to the Company, State Bank of India and Andhra Bank.
