Synergized to Accelerate Sustainable Growth

At Kalpataru Projects International Limited (Formerly Kalpataru Power Transmission Limited), our ability to stay ahead of the competition is grounded in sustainable synergies realised by the Group. Our aptitude for adopting new-age processes, extensive reliance on advanced technology and efficient capital allocation strategies make headroom for sustained profitable growth.

We realise it is these synergies that empower us to overcome challenges and remain on track to chase our vision of becoming one of the leading EPC organisations in the world. Moreover, the combined strength of KPIL and JMC has now unlocked greater opportunities to step up the scale of our operations and undertake large and complex projects and strengthen our presence in the international arena.

Our engineering expertise forms the backbone of our success and one of the key drivers of accelerated growth. Along with an acute understanding of changing market dynamics and customer expectations, we have evolved our operating methods to deliver process efficiencies and a continued track record of superior execution. It has not only allowed us to make better decisions but enabled us to stay focused on creating long-term value for our stakeholders including clients, lenders, shareholders as well as communities.

Above all, we understand that business growth cannot thrive in isolation. It provides us the impetus to indulge in sustainable practices, encompassing the core pillars of 'People, Planet and Performance' to consistently focus on issues that matters the most. We deeply acknowledge our responsibility to lay the foundation for a viable future with targeted interventions that are designed to benefit communities and broaden the way for sustainable growth.

About Kalpataru Projects International Limited

Kalpataru Projects International Limited (Formerly Kalpataru Power Transmission Limited), a part of the Kalpataru Group, is one of India's largest listed, diversified engineering and construction companies engaged in Power Transmission & Distribution (T&D), Buildings & Factories (B&F), Water Supply & Irrigation, Railways, Oil & Gas Pipelines and Urban Infra (Flyovers, Metro Rail, Highways and Airports).

Since our inception in 1981, we continue to create sustainable value for diverse stakeholders through our cuttingedge Engineering, Procurement and Construction (EPC) solutions, making us one of the largest global players with footprint across 70 countries. Leveraging the potential of well-diversified and high-growth businesses, we have globally executed orders worth over USD 14 billion, for T&D, B&F, Water, Railways, Urban infra and Oil & Gas industries. Currently, we are executing more than 250 projects in over 30 countries. Our presence in Europe and South America has been further strengthened by the acquisition of Linjemontage, Sweden and Fasttel, Brazil.

Over the years, we have developed technologically fortified operations that boast the use of cutting-edge processes and advanced design and testing facilities, ensuring the strength and quality of our projects. At KPIL, we continue to prioritise the key pillars of quality, environment and occupational health and safety to fulfil our commitment towards our 7,800+ employees, clients as well as other stakeholders.

As of March 31st, 2023, our company maintains a strong order book amounting to USD 5.6 billion, accompanied by consolidated revenue of USD 2 billion.

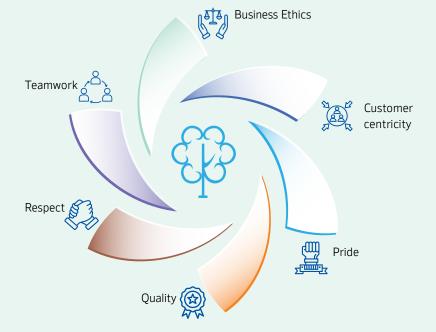

Vision
