Chairman's Statement

Dear Members,

I feel greatly privileged to welcome you to the 36th Annual General Meeting of your company and hope that all of you and your family members are doing well. The Annual Report together with the Audited Accounts and Board's Report for the Financial Year ended 31st March, 2021 are with you. I am sure you must have gone through them in detail. With your permission, I take them as read and hope that it gives you a clear insight of the working of the Company during the year under review.

Due to restrictions in movement and assembly of people and as a measure of safety and precaution, I am not able to address you in person and are holding this meeting through virtual means. I am glad to see you all joining us in the meeting through the platform provided by the Company for this Annual General Meeting.

Global Economy

Global prospects remain highly uncertain one year into the pandemic. New Virus mutations and the accumulating human toll raise concerns though the growing vaccine coverage and vaccination drives and researches to combat the Covid-19 have to some extent helped in lifting positive sentiments. Economic recoveries are diverging across countries and sectors, depending on the policy support and variation in pandemic induced disruptions. The outlook depends on not just the battle between vaccine and virus but how effectively economic policies are deployed under these high uncertain times to limit the lasting damage from this unprecedented crisis.

As per IMF report, the global growth is projected at 6% in 2021, moderating to 4.4% in 2022. The projections for 2021 and 2022 are stronger than that in the October 2020. The upward revision reflects additional fiscal support in a few large economies, the anticipated vaccine-powered recovery in

the second half of 2021, and continued adaptation of economic activity to subdued mobility. A high degree of uncertainty surrounds these projections, with many possible upside and downside risks. Greater progress with vaccinations can uplift the forecast while new virus variants that evade vaccines may have a downside impact.

Indian Economy

India's Gross Domestic Product (GDP) contracted 7.3% in 2020-21, marginally better than 8% contraction in the economy as projected. GDP growth in 2019-20, prior to Covid-19 pandemic,

was 4%. The IMF, in its April edition, predicted an impressive 12.5% growth rate for India in 2021, stronger than that of China, the only major economy to have positive growth rate last year during the Covid-19 pandemic. As per its reports the Indian economy is expected to grow by 6.9% in 2022.

However, in view of recent jump in Covid-19 cases in India, IMF is expected to revisit the forecast in July, posing a downside risk to its earlier forecast.

Scenario in Kkalpana Industries (India) Limited

Your company mainly caters to wires and cables, packaging, footwear and consumer durables. However, nearly all the manufacturing units, to which your company supplies its goods, have incurred precipitous contraction in production and consequently, your company's topline has also been moderately impacted in the financial year under review i.e. 2020-21. However, because of your company's high grade Research and Development (R&D) and All India Marketing Network and that the Board had factored in the risk portfolios projected to be faced by your company, necessary steps were taken to safeguard the topline and bottomline, considerably.

The company's net revenue for the year ended 31st March, 2021 stood at Rs. 1549.99 Crores

as against Rs. 1762.21 Crores for the Financial Year 2019-20. Profit after tax, for the year under review, stands at Rs. 22.41 Crores, as against Rs. 30.64 Crores in the previous financial year. The Company's EPS is Rs. 2.38 as against Rs. 3.26 in the previous financial year.

Your Directors have recommended dividend of 10% per equity share of Rs. 2/- each for the Financial Year ended 31st March, 2021. The total outgo will be Rs. 188.15 lacs (approximately).

Acknowledgements

At the outset, I would like to extend my heartfelt gratitude to the Colleagues and associates operating from all our manufacturing Units, offices and other ancillary fabrication facilities who have been relentlessly working to ensure smooth and uninterrupted operations and serve the customers, vendors and all stakeholders with utmost efficiency, in spite of the challenging times. As we continue to embark on our transformation journey, I wish to express my heartfelt gratitude to the members of the Board for providing continuous support and guidance to maintain the highest standards

of Corporate Governance and professionalism in running the day to day business of your company. I also place on record my appreciation to regulatory/statutory bodies, banks and financial institutions. My special thanks goes to you, dear members, for reposing your trust in the company and helping it to shape it is an institution of great stability. I also thank our various customers and suppliers, based at various parts of the country.

I take this opportunity to salute the spirit of the Government authorities who have not left any stone unturned in fighting this Pandemic and are carrying out one of the biggest vaccine inoculation across the country. We, as a Country, hope to come out of the pandemic and expect normalcy to resume soon.

Thankyou.

With Best Regards,

Narrindra Suranna
