Future Prospects

The business prospects of SRF Ltd. and its subsidiaries has been discussed in the Management Discussion and Analysis forming part of the Directors' Report of that company in the Annual Report for 2012-13 which is available on its website www.srf.com.

Shri Educare Ltd. (SEL)

The School Consultancy Business

In the year 2012-13, SEL added one more school - Confluence World School to the portfolio of schools being managed by SEL.

Going forward, SEL plans to continue to expand in the school consultancy business. While Right to Education has impacted the viability of schools being set up in India, there continues to be a demand for quality schools in India. Besides, the NRI community is also looking at setting up quality schools in places outside India where there is a significant NRI population. SEL plans to leverage this demand and would be starting a school in 2013-14, besides looking at signing up a couple of school contracts in 2015-16 / 2016-17.

Own Schools

The Shriram Early Years (TSEY)

The year 2012-13 saw TSEY moving into its own building and this helped in attracting more number of students.

Since starting a play school in India is quite easy, there are new players entering the play school vertical. At the same time, in order to compete one needs to offer quality services (curriculum, infrastructure and transport) to kids and their parents, and not everyone has the ability to do so. Hence, some of the older players in the play school vertical are realizing that it is difficult to sustain profitability in the case of play schools.

TSEY, has been focusing on providing quality services to kids and parents right from the time it was set up; this in turn would enable the

school to reach to full capacity (in terms of number of students) in this academic session, enabling it to be run profitably.

Ghiyasuddin International School, Maldives (GIS)

The Ghiyasuddin International School (GIS) was taken over by Shri Educare Maldives Private Limited (a wholly owned subsidiary of the Company) under the Public Private Partnership (PPP) agreement with the Government of Maldives. 2012-13 was the first year when GIS achieved EBIDT positive. This was possible because Government students in class 7 who were paying a fixed fee of \$100 (vs private fee paying students who pay \$ 170) moved out and GIS was able to replace those students in lower grades with private fee paying students.

This trend is expected to continue in 2013-14, as GIS has been able to establish a name for itself amongst the people of Maldives and this in turn would help GIS to achieve a higher EBIDT in the coming year.

School ERP Business

The year 2012-13 was not a good year for the ERP business and no external contract with any school was signed. This was because of the fact that competitors are offering this product at almost 1/5th of our cost and the market is not willing to pay a premium for the product offerings we have.

As a result SEL has also scaled its school ERP business sales plan and in 2012-13 will focus primarily on schools where SEL is providing school consultancy.

Coaching Classes

The year 2012-13 was the first year for Coaching Classes in Delhi. Results were lower than expectations primarily because of the fact that we were focusing equally on both CBSE and competitive examinations. While SEL got a good response from students interested in doing CBSE coaching, the response was not very good from students wanting to go for competitive coaching, since the preference was for well established brands that are there in the competitive examinations coaching business.

As a result, in 2013-14, there would be a shift in priorities and the focus would be more on CBSE coaching. While CBSE exams would be a focus area now, the plan is to bring a gradual focus to competitive exams rather than focusing equally on both the businesses. The Coaching business is expected to be at a negative EBIDT of Rs. 15 lacs (approx.) in the current year.
