### DIVIDEND:

With a view to conserve and plough back the resources of the Company, the Board of Directors has decided not to recommend any dividend for Financial Year 2003-04.

### REVIEW OF OPERATIONS:

The Company achieved the turnover of Rs. 819.28 Lacs during the year as compared to Rs. 96.11 Lacs during the previous year. The profit before and after tax decreased from Rs. 13.69 Lacs and Rs. 8.32 Lacs respectively of the previous year to Rs. 12.15 Lacs and Rs. 2.62 Lacs respectively of the year under review.

In spite of considerable improvement in sales turnover of the Company, the profit before and after tax has gone down as against projections laid down by your Directors. This undesirable state of affairs is mainly attributable to overburdened cost on account of interest capitalisation to the cost of land of the project since 1995 and the prevailing intense competition in the real estate market. High rates of cement, steel, other materials and labour further eroded the profit margin. With a view to keep the business of the

Company running smoothly and to maintain the liquidity of financial resources of the Company in a good position, your Directors decided to sell the Company's completed flats/premises at reasonably realisable prices in the market and to recycle the realised resources for further construction activity.

### FUTURE PROSPECTS:

Your Directors are pleased to report to you that construction of First Phase of the project at Andheri has already been completed and more than 80% of the flats completed and have been sold during the year under review. The construction work of the Second Phase of the project has already been commenced in full swing. The Second Phase being larger in area-wise as compared to First Phase and improving market conditions, your Directors hope that there will be good future. The necessary formalities for other projects on hand will also be finalised in a near future.
