LISTING

The Company's Equity Shares are listed at the Calcutta Stock Exchange Association Limited, 7 Lyons Range, Kolkata-700 001 ('CSE') and the listing fees till the financial year ending on 31st March, 2006 have been paid.

OPERATIONS**Tea Division**

Tea Industry showed improvement during the last year with common varieties of teas fetching higher prices than that in the financial year 2003-04 however, price realisations for quality teas remained depressed and poor weather conditions adversely affected production.

The Division's own crop registered an increase during the financial year under review inspite of poor weather but total production at 17.09 lac kgs declined marginally as compared to the previous financial year due to non-availability of green tea leaves from the suppliers whose crop was also accordingly affected on account of unfavourable weather. However, the Division's operating profit recorded improvement during the last financial year although the margins were strained due to rising costs.

Investment of Rs. 62 lacs was made during the year under review to upgrade the manufacturing facilities at the Division for production of quality teas.

The first month's crop in current year is comparable with that in the corresponding month in the last financial year. The Division's continued focus on quality, improved field practices, programme of increased purchase of green tea leaves from larger number of suppliers should result in larger production and sales volume. In view of these measures and thrust on consistent endeavour to optimise costs, your Directors expect the Division to perform better in the current year.

Textile Division

The performance of the Division showed improvement owing to higher productivity, efficient utilisation of power and improved cost control. Downward revision of the DEPB rates twice during the year under review, appreciating Rupee and increase in furnace oil price due to substantially higher international crude prices, affected the profitability. During the current financial year the Division is entitled to duty free credit of Rs. 117 lacs due to incremental growth of exports achieved last year under the "Target Plus Entitlement for Exports" scheme announced by the Central Government.

**KANCO ENTERPRISES LIMITED****DIRECTORS' REPORT (Contd.)**

Favourable monsoon and improvement in average cotton yield resulted in abundant availability of cotton at attractive prices. The Division achieved the highest ever production, sales and export during the financial year ended 31st March, 2005.

The Division has comfortable stock of raw material and continues to keep its focus on cost control with more efficient utilisation of power being the thrust area, and quality improvement to strengthen its competitive position. Multi Fibre Agreement has been phased out and the exports are expected to receive further boost with opening up of new markets in Europe and USA. The Textile Industry in the State of Gujarat would further benefit by implementation of Value Added Tax which is eagerly awaited. The Directors are reasonably confident of a bright outlook for the Division's performance during the current year.

FIXED DEPOSITS

The amount outstanding as on 31st March, 2005 on account of Fixed Deposits aggregating Rs. 76.85 lacs is yet to mature and all the deposits that matured during the year were repaid with interest due thereon and nothing remains unclaimed.

CORPORATE GOVERNANCE & MANAGEMENT DISCUSSION AND ANALYSIS
