**REVIEW OF OPERATIONS :**

Your Directors are happy to report all round improvement in your Company's operations. Though, gross turnover has come down due to depressed raw material prices in Plastic Division & lower turnover in Gunny Division, but Operating Profit has gone upto Rs. 229.49 lacs and Net Profit to Rs. 112.71 lacs against Rs. 178.80 lacs & Rs. 40.70 lacs respectively during earlier year. The manufacturing operations of the Gunny Division had to be completely stopped due to absence of sufficient market during the year under review.

A principal feature of the year has been the ability of your Company to repay Term Loan liabilities in full to all Financial Institutions. No dues certificates have been obtained from IDBI, PICUP and UPFC and their charges on the Company's assets stand released.

The supply from the State Electricity Board continues to remain erratic and coupled with increasing tariffs, your Company is taking steps to contain rising energy costs by better utilisation of captive generation.

**EXPORTS :**

Your Company has achieved growth in exports both in terms of quantity by 20% and value by 11%. Exports are your Company's main strength. We continue to earn net Foreign Exchange. Stress on developments of Exports continues in West Europe and new areas are being explored. Your Company now exports about 40% of its production in quantity terms and hopes to maintain steady growth.

**PROSPECTS :**

Your Directors are happy to report that both in the Domestic and Export Market, your Company has established a regular clientele. Our stress on quality & timely services is our hall-mark. We have already initiated the process for ISO 9002 certification and hope to achieve this during the current year thus adding to our strengths. With the Country's economy on sound footing and continued growth in Chemicals, Fertilisers and Cement Industries, to whose requirement we cater, coupled with substantial reduction in interest cost, your Company looks forward for better times ahead. It is expected that remaining brought forward losses should be wiped out in near future.
