4. OPERATION

The year gone by has been a very difficult and challenging year for the Company in terms of business of leasing of vehicles. The recession, which began in 1997 in the transportation business has not shown any sign of abatement and this caused irregular payments by transporters and in many cases the Company was forced to reduce the lease period and had to sell these vehicles in the open market which resulted in very steep loss on sale of vehicles. The Company therefore decided to diversify in the field of Commercial activities i.e. dealing in cloth and steel, which curbed the loss to Rs. 6.83 lacs as against the net loss of Rs. 42.10 lacs in the year 1998-99. The Company has also diversified in the business of property development in joint venture which will help the Company to reflect better results in the years to come.
