**Management Discussions and Analysis forming part of Director's Report for the year ended 31<sup>st</sup> March, 2011.****Industry Structure and Development**

The global economy staged a remarkable rebound in the last financial year reducing the fears of a double-dip recession that some had forecast in 2009. The recovery was aided by the continuation of stimulus measures adopted during 2008-09 by developed as well as emerging economies including India.

The Company caters the need of Building Construction field and other allied Labour work for allied connected work. The growth of housing is related to construction and as such it is also connected to core sector industries like Cement, Iron & steel and Housing finance. Since now Company has already entered into the field of infrastructure development project as a partner in existing firm also planning through its associates on selective basis, it is belief that Company will be able to achieve reasonably good position in the market as soon as projects takeoff.

**Opportunities & threats**

India maintained its growth momentum on the foundation of relatively strong. The Company's main thrust is to satisfy the requirement of potential customer in timely manner and at reasonable price. To meet the demand of customers in the field of Infrastructure Project and entering in this field is a new challenge but Company wants to grab the opportunity in this field as Company feels that it is entering in to the field at right time.

**Outlook**

The overall economic outlook for the year 2011-12 appears to be positive but challenging. The Indian GDP expected to register a growth of around 8%. The industrial indices have started showing signs of recovery the industry is on the path of recovery. The chances of achieving the desired growth rate is almost certain as sector served by your Company is basic sector which caters the need of every person in developing economy.

**Risk and Concerns**

The factors like power shortages, increase in labour cost and transportation cost could contribute to inflation. The main risk to the Company which may arise is mainly due to Government policies and decisions, Fluctuations in prices of Raw materials, Exchange rate fluctuations, Banking finance and Industry's demand etc. The recent unearthing of huge scam and resulting logjam in government functioning could lead to policy reform taking back seat thereby affecting long term growth potential of the country apart from impacting investors sentiments.

**Segment or Product wise Performance**

The Company is operating in one segment known as construction activity. The product wise comparison is not possible as it is not producing the product but it is undertaking the project. Hence performance can be compared on project completion as such performance of the Company has to be seen in overall manner.

**Internal control System and Their Adequacy**

The Company has developed adequate internal control system commensurate to its size and business. The Company has Internal Auditors, to conduct the internal audit to ensure adequacy of internal control system, compliance of rules and regulations of the country and adherence to the management policies.

**Financial Performance with respect to Operational Performance**

The Company has registered a turnover of Rs. 10.01 Lacs and Profit before depreciation and a tax was Rs. 1.20 Lacs. The depreciation provided during the year was Rs 0.12 Lacs and provision for taxes was Rs. 0.30 Lacs, the net profit for the year after tax was Rs. 0.78 Lacs.

**Human Resources**

During the year, Company maintained harmonious and cordial industrial relations.

**Disclosure by the Senior Management Personnel i.e. one level below the Board including all HOD's**

None of the Senior Management Personnel has financial and commercial transaction with the Company, where they have personal interest that would have a potential conflict with the interest of the Company at large.

**Cautionary statement**

The statements in this management discussion and analysis describing the outlook may be "forward looking statement" within the meaning of applicable laws and regulations. Actual result might differ substantially or materially from those expected due to the developments that could affect the company's operations. The factors like significant change in political and economic environment, tax laws, litigation, technology, fluctuations in material cost etc. may deviate the outlook and result.
