MANAGEMENT DISCUSSION AND ANALYSIS REPORT:

Cement Division:

Industry Structure and Developments:

The Indian economic growth rate has been quite rapid compared to other emerging economies primarily due to higher reliance on domestic demand. The growth trajectory is expected to continue on the back of strong domestic demand and huge outlay on infrastructure planned by the Government. The long-term domestic outlook remains buoyant with the progressive reforms, increasing FDI, robust investments, growing incomes and aspirations. India being one of the major producers of cement and the demand is largely based on Infrastructure Projects, Urban development and housing, Roads and Buildings, Ports etc., However, the cost of the raw material and fuel namely Limestone, Coal, Power and Freight charges are all controlled by the Government and any increase in the price of the above mentioned items affects the cost of the production on which the company does not have any control. Thus, industry has been to in ups and downs. The Government spending on infrastructure is likely to benefit the revenue and earnings of all the cement companies across the country. Per capita cement consumption in India is still very low at around 200 kg against the world average of about 500 kg and China at approximately 1200 kg. This underlines the tremendous scope for growth of the Indian cement industry in the long term.

Opportunities and Threats:

The demand will be driven by Government's continued thrust on infrastructure development and to boost rural and housing sector. Infrastructure development is need of the nation; this along with rising housing provision will accelerate construction activity. Recovery of the global scenario could also provide impetus to economic growth and Cement demand.

Concerns of the Indian Cement Industry are high cost of Power and Coal, high freight cost, inadequate infrastructure, non availability of Wagons, and poor quality of coal and heavy taxes / royalty levies. Excess supply of cement in the market because of new entrants and frequent imposition of power holidays by the APCPDCL would affect the sustainability of operations.

Electronic Division:

Industry Structure and Developments:

Your Company is one of the few companies

specialized in manufacturing flexible printed circuit boards in India. The flexible PCBs being sold by the Company in India is an import substitute. The PCB industry purely depends on growth of electronic industry. The Electronic Industry is looking up and doing well, giving a scope for PCB industry to expand.

Opportunities and Threats:

Spreading into domestic market, as an import substitutes a major opportunity for the Company. However, due to fall in exports, there is a constraint on DTA eligibility. Therefore, the Company would have to make DTA sales by paying full Excise Duty, which is an additional burden on the margins. The company has been following this system through out the year under review. Undervaluation of our Indian rupee makes imported raw material prices dearer.

SEGMENT OR PRODUCT-WISE PERFORMANCE:

Segment-wise or product-wise performance has already been furnished elsewhere in this report.

OUTLOOK:

This has been discussed elsewhere in this Report.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

The company is following a proper and adequate system of internal controls in respect of all its activities including safeguarding and protecting its assets against loss from unauthorized use of disposition. Further all transactions entered into by the company are duly authorized and recorded correctly. M/s. Pavuluri & Co., Chartered Accountants, Hyderabad has been working as the Internal Auditors of the company. The Internal Auditors are submitting reports to the company on a Quarterly basis.

FINANCIAL/OPERATIONAL PERFORMANCE:

This has been already discussed elsewhere in this Report.

HUMAN RESOURCES/INDUSTRIAL RELATIONS:

The company enjoys very cordial industrial relations, due to which there is very low employee/ labour turnover in the company. You will be happy to note that ever since the inception of the Company, there were no strikes, lockouts, lay-offs, retrenchments, etc.

ACKNOWLEDGEMENTS:

Your Directors are thankful to Canara Bank,

Somajiguda Branch, Andhra Bank, SCF Branch and Indian Bank, Main Branch, Koti for their continued support during the year under review and acknowledge with gratitude the help extended by the Central Government and Government of Andhra Pradesh. Your directors also wish to place on record their appreciation of the services rendered and co-operation extended by the Workmen, Staff, Dealers, Customers and other concerned.
