WORKING OF THE DIVISIONS

Sugar Division

During the Crushing Season 1999-2000 (from 26th November 1999 to 2nd May 2000), the plant crushed a quantity of 71.69 lac quintals of sugar cane in 156 days as against 66.32 lac quintals crushed in 144 days in the previous season. The sugar recovery was higher at 9.41% as against 9.06% in the previous season resulting into higher production of sugar of 6.84 lac quintals as against 6.06 lac quintals in the previous season. Molasses produced during the season 1999-2000 was 3.32 lac quintals as against 3.01 lac quintals in the previous season.

The Cane prices fixed by the U.P. State Government for normal and early maturing varieties were Rs. 85/- per quintal and Rs. 90/-per quintal respectively during the season 1999-2000 as against Rs. 80/- per quintal and Rs. 85.73 per quintal respectively for the previous season. Levy sugar price for the season 1999-2000 was announced by the Government at Rs.1,075.41 per quintal as against Rs. 1,049.09 per quintal for the previous season. The Government had increased free sale quota of sugar from 60% to 70% with effect from 1st January 2000. The Government had increased import duty on sugar to 27% in December 1999 and thereafter to 60% in February 2000. Besides, the Government started collecting 30% of imports for public distribution at the same price it pays for the domestic levy sugar.

Distillery Division

The working of the Distillery Division has improved as compared to the last year. The production of Rectified Spirit (RS) during the year under review was higher at 117.11 lac litres as against 85.73 lac litres in the previous year. The production of Extra Neutral Alcohol (ENA) during the year was also higher at 40.62 lac litres as against 26.26 lac litres in the previous year. The sale of IMFL was 1.80 lac cases during the year as against 1.36 lac cases in the previous year.

Storage Division

Due to competition from new ports in the neighbouring area of Mundra and Dahej the bulk liquid cargo traffic at Kandla has slowed down. The Terminaling charges have also come down at Kandla due to additional tankages that have come up in Kandla since last two years. This has affected the income of the division and is hence lower than the previous year.

SUBSEQUENT FINANCIAL YEAR 2000-2001

The crushing for the season 2000-2001 started from 20th November 2000. This season, it is expected that the sugar recovery will be much higher as compared to the previous season. The cane price for the season was increased to Rs. 90/- per quintal for normal and to Rs. 95/- per quintal for early maturing varieties. Levy sugar price for the season 2000-2001 was announced by the Government at Rs. 1,160.81 per quintal. The Government had increased free sale quota of sugar from 70% to 85% with effect from 1st February 2001. The working of the Distillery Division has improved further and the overall performance is expected to be

Annual Report 1999-2000

better than last year. The Storage Division at Kandla has done reasonably well during the year considering the slowdown. Due to the massive earthquake on 26th January 2001, there has been damage to some of the tanks, pump house and compound walls. The assessment of damage is in progress and necessary steps have been taken to ensure that the properties are safe for operation post earthquake. On the basis of first hand assessment, a claim has already been lodged with the Insurance Company. Work on the repair of the installation is likely to start very shortly.
