CHAIRMAN

19th May, 1998

*Fellow Shareholders,*

In a difficult year like 1997-98, when most Corporates were struggling for their existence, your Company achieved higher sales and better profitability. But there is no room for complacency and we are continuously working for —

- making world class fans in attractive designs and colours.
- reducing costs and increasing production.
- increasing exports to existing countries and targetting new overseas markets.

The current year, in the wake of recent international developments, is going to be tough for the Industry. However, your Company expects to further improve its sale and profitability, if current trend is any indication.

Lastly, I assure you of our utmost concern for protecting and increasing the value of your investment in the Company.

With best wishes and regards,

(S. K. Khaitan)

## DIRECTORS' REPORT (Contd.)

### PROBLEMS OF INDUSTRY

Despite growth in the demand of fans, the duty and tax paying manufacturers are suffering at the hands of tiny units due to unhealthy competition. The high incidence of Excise Duty and Sales Tax on fans has led to growth of fan assemblers in the garages, who are able to evade payment of duty and taxes. Moreover, they use substandard materials in lesser quantity, which results into poor quality of product. The ultimate sufferers are the Consumers and the Exchequer. Representations have been made to the Central and State Governments for reduction in duty and sales tax on fans. The Government should either exempt fans from payment of excise duty and sales tax or must bring all the tiny units within the tax net, so as to ensure healthy growth of fan industry which hold large potential for export.

### FUTURE OUTLOOK

The Company's factories at Calcutta and Faridabad are working satisfactorily. Looking into the ongoing trends, your Directors hope to report better results for the current year.

### REDEMPTION OF DEBENTURES

Pursuant to the terms of Issue, the 3rd and final instalment of 15% Non-convertible Debentures has been paid/redeemed on 30th April, 1998. Accordingly, all the Debentures have been fully redeemed and their face value stands at Nil.

### FIXED DEPOSIT

The Company did not accept any fixed deposit during the year under review. However, a sum of Rs. 2.67 lacs was lying deposited as on 31st March, 1998, out of which matured deposits of Rs. 1.82 lacs remained unclaimed.

### BUY BACK OF SHARES

A Special Resolution was passed at the last Annual General Meeting authorising your Directors to buy back the Company's Shares as and when the law permits. The Companies Bill 1997, containing the enabling provision to buy back the shares is yet to be passed. In the overall interest of the Shareholders and keeping in mind the present break-up value, future prospects etc., your Directors at their meeting held on 2nd March, 1998 took a conscious and unanimous decision that no sooner the law permits, the Company will buy back upto 25% of the Issued Share Capital from the willing Shareholders at a price not less than Rs. 15/- per Share, subject, however, to the relevant provisions of law.
