Dear Shareholders,

The Board of Directors of your company present the 18th Annual Report on the business and operations, together with Audited Financials for the year ended 31st March 2007.

Financial Performance

(Rs. in lacs)

Particulars	2006-2007	2005-2006
PBIDT	733.97	16.65
Interest	—	—
PAT	733.97	16.65
Depreciation & Goodwill	180.84	2.04
Profit after Depreciation & Goodwill	553.13	14.61
Fringe Benefit Tax	1.26	—
Profit After Tax	551.87	14.61

Performance for the financial year 2006-07

The Company has achieved a turnover of Rs.7,335.57 lacs for the year ended March 31, 2007.

The plant adheres to excellent safety norms and conducts periodical audits, training programme on chemical and safety exercises. The entire plant area is covered with green belt and additional efforts for improving the same will continue in the coming years. The plant adopts zero effluent concepts.

Today the plant is accredited with QMS (ISO 9001 - 2000) and EMS (ISO 14001) after a surveillance audit was conducted by M/s.Det Naorske Veritas, Germany.

Scheme of Merger

The Hon'ble High Court of Judicature at Madras, by its Order dated November 10, 2006 approved the Scheme of Merger under Sections 391-394 of the Companies Act, 1956 (The Scheme) for acquisition of Primetra Technologies Private Limited, a polymer manufacturing Company. The Scheme became effective from April 1, 2006 under the said Court order.

In terms of the sanctioned Scheme 2,66,40,000 numbers of equity shares of Rs.10/- each were allotted during the year to the Promoters and their shareholding has increased to 66.61% from 38.99%.

Dividend

The Directors do not recommend a dividend for this year, in view of accumulated losses.

Future Businesses

The Plant is in the process of enhancing its capacity from 8400 TPA to 22000 TPA to augment the growing demand for special grades of PIB in India. The Company has also identified potential markets to export PIB during the current financial year.

Energy Conversion

Information in accordance with the provisions of Section 217(1)(e) of the Companies Act, 1956 read with the Companies (Disclosure of particulars in the report of Board of Directors) Rules, 1988 is furnished in 'Annexure 1'

Public Deposit

The Company has not accepted any Public Deposit during the year and there was no outstanding deposit anytime during the year.

DIRECTORS' REPORT

Directors

Mr.N.Chandramouli, director is retiring by rotation at the ensuing Annual General Meeting and being eligible, offers himself for re-appointment.

Mr.P.K.Rudra was appointed as a director in a casual vacancy on December 5, 2006 arising on account of the sudden demise of Mr.T.Dulip Singh, director.

Late Mr.T.Dulip Singh was a director of the Company from May 14, 1998 and Board acknowledges and places on record the invaluable services rendered by him.

Directors' Responsibility Statement

The Directors confirm:

1. that in the preparation of the annual accounts, the applicable accounting standards had been followed along with proper explanation relating to material departures;
2. that the directors had selected such accounting policies and applied them consistently and made judgment and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the company at the end of the financial year and of the profit or loss of the company for that period;
3. that the directors had taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of Companies Act, 1956 for safeguarding the assets of the company and for preventing and detecting fraud and other irregularities; and
4. that the directors had prepared the annual accounts on a going concern basis.

MANAGEMENT DISCUSSION AND ANALYSIS

Industry Structure and Development

This industry comprises units primarily engaged in manufacturing of petrochemicals used for a variety of commercial purposes, which are chemicals derived from petroleum and natural gas. The product, Poly Isobutene (PIB) is a substance composed of molecules with large molecular mass composed of repeating structural units connected by covalent chemical bonds. PIB is extensively utilized by the automotive lub-oil and additives manufactures. The demand is stable over the past 5 years. The proposed enhancement of production capacity would place our Company as a leader in this Industry.

The PIB is being used in many other industrial applications apart from additives and lubricants such as cable jelly, cattle feed preservation and emulsification, in Chemical, Rubber, Plastics and Paper Industries. These diversified applications, versatile usage of PIB would enhance its demand in the coming years.

Opportunities and Threats

Across the globe, PIB (special grades) has a potential demand because of its versatile applications. There is a good export potential in the regions of Asia Pacific, Middle East, Far Eastern Countries and USA.

Giants like Infineum, Castrol have accepted our products because of its quality, which could enhance our presence in the global market. The growing international demand is a good sign and would improve the PIB sales and the margins too. With a few customers we are trying to tie up on LPG linked prices, which could add to our stability in pricing of PIB. The buoyant price of feed stock (LPG) results in low realization for our product (PIB).

Outlook

Presently the raw material (feedstock) is sourced from a Private Company in Hazira in addition to the feedstock supplied by Chennai Petroleum Corporation Limited.

The estimated demand of PIB in India would be constant in the coming years at current levels. Additionally the international market is expected to expand its requirements for special grades of PIB produced by the Company.

Risks and Concerns

The buoyant raw material price is an absolute threat to maintain a competitive price for PIB in the market. Further, in the export market, the realisation is affected by rupee appreciation and additional cost of quality to match with other big players in the global industry. Competitors exert pressure on the prices of PIB in the Indian market as well.

Internal Control Systems and their adequacy

The company has in place adequate systems of internal control, commensurate with its size and the nature of its operations. These internal Controls implemented by the Company, ensures achieving efficiency of operations, optimum utilization of resources and effective monitoring thereof and compliances with all applicable statutes.

The Company ensures adherence to all internal control policies and procedures. The Audit Committee of the Company comprising of qualified and independent directors reviews the adequacy of internal controls.

Human Resources / Industrial Relations

The Company has a team of able and experienced professionals among a total of 90 employees. The relationship between the management and employees is cordinal.

Corporate Governance

We believe that Corporate Governance is at the heart of Shareholder value creation. Our governance practices along with the Auditor's Certificate on its compliance are attached hereto as an Annexure to this report.

Re-appointment of Auditors

The Auditors, M/s.R.Subramanian and Company, Chartered Accountants, Chennai, retire at the Annual General Meeting and have confirmed their eligibility to accept Office, if re-appointed.

Disclosure under Section 217(2A) of the Companies Act, 1956

During the year, no employee has drawn salary in excess of the amounts prescribed under section 217(2A) of the Companies Act, 1956 read with the Companies (Particulars of Employees) Rules 1975.

Acknowledgement

The Board acknowledges the co-operation and support extended by the Employees, consultants, suppliers, customers and all its business associates.

The Directors place on record their appreciation for the continued support and co-operation they have received from Financial Institutions, Banks, Central and State Government.
