Your Directors are pleased to recommend for your consideration the payment of maiden dividend on equity shares at 10% (Re.1 per equity share). The total amount of dividend outgo will be Rs.10942 thousands. The dividend is subject to deduction of tax at source wherever applicable.

FINANCE

You are aware that the Country is witnessing soft interest rate regime. During the current year, the Company in its efforts to bring down interest costs by retiring high cost debts of Rs.58500 thousands availed from ICICI by financial arrangement with Punjab National Bank. Your Company will continue to bring down these costs further in coming years.

FUTURE PROSPECTS

Your Medical Center has established itself as an international referral center for super specialities like Cardiology, Cardio-thoracic and General Surgery etc.,

In order to serve and meet the growing demand for quality health care services, it has become necessary for your Medical Center to have additional infrastructure in terms of rooms, utilities, facilities and medical equipments.

The Satellite Center at Erode has already started its operation from 21.6.2002 and more such Satellite Centers are on the anvil. Your Medical center proposes to introduce tele-medicine services in the near future by utilizing the technological explosion, our country has achieved in satellite technology in the recent past.

In the backdrop of globalisation your Medical Center has the required expertise in the medical services which it proposes to take it to the third world countries in the area of hospital consultancy services.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

During the last decade, the impact of liberalization and globalization of the Indian economy has been greatly felt in the Indian healthcare services. Healthcare services in India are getting more and more privatised like any other industry. With the rapid technological advancements in the field of medical instrumentation, Information Technology and medical sciences, there has been a radical transformation in the nature and scope of the Medical Institutions in the country. It is heartening to note that the Indian doctors, industrialists and the patients have reacted very positively to this kind of development to the changing scenario. A large number of corporate institutions in the medical care sector have emerged giving rise to a very healthy and competitive environment. We foresee in the near future that competition will bring in the latest technology and high quality services in this industry. It is also interesting to note that like in many industries the health care costs are gradually beginning to drop in the recent times. It is hoped that in a few years from now the customer who is our patient will get the best deal in the process.
