#### DIVIDEND

Your Directors have recommended a dividend of 20 % on the paid-up equity share capital of the Company for the year ended 31st March, 2006.

#### INVESTMENTS MADE IN THE YEAR

#### Flour Mill Division

An investment of Rs.110 lakhs has been made to improve infrastructure for storage and handling of wheat and for improvement of product quality.

# **Textile Division**

An amount of Rs.275 lakhs invested for augmenting spinning productivity and to achieve an optimum balance with flexibility in processing capacities in the various critical sections of the spinning plant.

#### Wind Mill Division

An additional generation capacity of 2.50 MW for captive consumption at a cost of Rs.1229.77 lakhs has been implemented.

#### OUTLOOK FOR THE YEAR

The operations of your company have shown improvement over the previous year due to the continual efforts made in cost reduction and quality improvements of the products. Your Company has initiated several steps towards enhancing efficiency of operation and cost reduction. As a result, the Company hopes to achieve improved profitability in coming years.

# OPPORTUNITIES, CHALLENGES, RISKS AND CONCERNS

Presently your Company is engaged in wheat flour milling, cotton yarn spinning and a low volume engineering manufacture.

The Flour Mill Industry has recorded a compounded annual growth rate of 5% over the past few years. Rapidly changing food habits and life style changes have created an enormous demand for wheat products. Flour Mill industry is very location specific and a single flour mill can address a market area of 200 sq.kms., around the mill as the cost of freight beyond this area renders the product uncompetitive on pricing.

The markets for cotton yarn is growing year after year and the India is the second largest producer of cotton yarn and fabric. The quota system for export of textile has been abolished since the beginning of this year. Consequently the combined textile exports have been growing at the rate of 15% which has resulted in good demand for cotton yarn.

We foresee a bright prospect for both industries.

The hardening of interest rates, increase in material and other input cost, fluctuation in foreign currency rates, flerce competition are challenges for both the industries.

Any economic slow down, inflationary pressure and spiraling of input cost due to external factor may influence the profitability of the Company. However, your company is well equipped with strong, specialized and experienced management team to constantly monitor the development and to take timely action to minimise any adverse impact.

#### INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY

Planned periodic reviews are carried out resulting in identification of control deficiencies and formulation of time bound action plans to improve efficiency. The adequacy of the internal control systems are reviewed by the Audit Committee of the Board of Directors. This, supplemented with existing periodical management reviews, will enable the company to improve its monitoring system at all levels.

The company has internal control procedures commensurate with its size and the nature of its business for purchase of raw materials, plant & machinery, components and other items and sale of goods.

# SEGMENT-WISE AND PRODUCT-WISE PERFORMANCE

Segment-wise and product-wise results are given separately under segment reporting

#### FINANCE

The final call for the 616950 partly paid equity shares has been called and fully paid.

It is proposed to issue 26 lakhs equity shares at Rs.70/- each to public for augmenting the resources to invest in the foundry unit, establishing two wind mills and for long term working capital needs.

It is proposed to acquire upto a maximum of 75 % of the equity shares of Eltex Super Castings Ltd., at a cost of Re.1 per share: at a total investment of Rs.21.26 lakhs to acquire the cast iron foundry unit to strengthen the engineering operation of the Company. It is also proposed to invest Rs.1700 lakhs to make the foundry unit operational out of the proposed public issue of Rs.1820 lakhs. Company has already established two wind mills of 1.25 MW at a cost of Rs.1229.77 lakhs.

Canara Bank, Tirunelveli Junction and Indian Overseas Bank, Tirunelveli Town have sanctioned a sum of Rs.974 lakhs term loan for setting up of an additional 2.50 MW Wind Mill for captive consumption. Wind Mills were commissioned on 25th March, 2006, Your company continued to avail need based working capital facilities from Canara Bank and Indian Overseas Bank.
