STRATEGY AND OPERATIONS

India has been witnessing a steady economic growth over the past few years, and is expected to grow strongly with government reforms and thereby creating opportunities, where your company foresee growth in Enterprise network market as compared to Telecom sector which is grappling with emergence of new and competitive service models and witnessing consolidation with fewer orders, lower price realization and reduced profitability. Pressure on profitability continues due to greater competition at the market. The market is expected to improve driven by demand in Banking & Finance sector, Manufacturing, Infrastructure projects by Government, Defense sector, healthcare & hospitality projects. Your Company do see growth in Fiber Business over copper due high bandwidth requirements with rapid adoption of advanced internet applications and your Company will be able to favorably participate in this market.

The Company continues to focus on consistent revenue growth with profitability. The Company focused on effective strategy execution this year which had good success in bringing large deals and we believe that the core products from Enterprise & Telecom sector together with new things are helping us to differentiate on value in the market. The Company continue to focus on client engagement and value creation. Apart from outsourcing a portion of manufacturing operations, the Company continued to look at ways of cost reduction through operational efficiency and be cost competitive in the market to achieve the desired results.
